

THE SOCCER TEAM, under the watchful eye of Coach Gerhard Tauscher (far left), prepare for

their game against ASTC. The game is to be held tomorrow at Brevard beginning at 2:00.

MSF Has Programs

An ice cream social is to be held by the Methodist Student Fellowship on October 10 at 6:30, in the basement of the church.

Jim Reeves, president, said, "We hope to have a big attendance, especially boys since there will be ice cream churns to turn."

The group has had a series of programs on current problems and plans to have more. Mr. Edwin Williams, sponsor of the group, was the first speaker, with his subject being Extremism on the Far Right. Miss Willoughby Jarrell spoke on the Far Left, Mr. Gerhardt Tauscher on the India-Pakistan problem, and Dr. David Lea on Existentialism. "Interesting" discussion periods followed each of the talks. More subjects of this sort are being planned for the future.

CLUB NEWS

The Spanish-American Club met September 20, 1965, in the CB Auditorium. The meeting was brief and informal. It consisted of an explanation of the club by Mr. Perez and election of officers. "The purpose of the club is to give you as much information as possible about Spain and South America," stated Mr. Perez as he outlined the coming year. The programs consisting of films, slides, and speakers will be open to all students. All Spanish students are required to attend. The meetings will be the third Monday of each month.

Voting was by secret ballot. Nancy Quayat was elected President; Marshall Trammer, Vice President; Edith Wysong, Sec-

retary; and John Warlick, Assistant Secretary.

A dinner for the members of Baptist Student Union was held Tuesday, October 5, at the home of Mr. and Mrs. Quentin Cantrell. Approximately twenty students attended. Also present were two out of town guests who are participating in the revival services at the First Baptist Church.

Plans were discussed for a hayride on the 29th of October to celebrate Halloween. Sharon Eckard was elected Vice-President of the Baptist Student Union for the year 1965-1966.

When plans for the coming months were completed, the meeting was adjourned.

"Home" Is Better Than Ever

(Continued From Page Two)

pattern. This pattern is accomplished by having a two room unit with a bath separating them. Four people will be in each of these units. There will be a small number of private rooms, also.

The two sections of the building will have a lobby in common. This lobby will be open to both boys and girls, as will the kitchenette which is off the room. Another of the new features is the patio on the back of the dormitory. This patio will be furnished in order that students may use it in any manner they like.

General characteristics of the entire dormitory include ironing rooms and study rooms on each floor, a water cooler and telephone in each hall, vending machines, extra storage areas, built-in furniture when possible, and wall-to-wall carpeting. There will also be full length mirrors in each room, as well as more electrical outlets than are now in the dorm rooms. Intercommunications will be on an individual basis, rather than throughout the entire dormitory as is prevalent now.

Each section of the dormitory will have its own adult advisor, or "dorm mother." In this factor, the two units will be treat-

ed as entirely separate buildings.

The living costs of this new dormitory will be slightly more than now. This is necessary because of the added conveniences and higher cost of materials.

Movie Schedule Released

A number of outstanding movies are to be shown on the campus during the next several weeks.

"An Occurrence at Owl Creek Bridge" will be featured on Tuesday, November 2, at 11:00 a.m. This film won an academy award in 1964 for the best short film; it is also a Cannes festival winner. It is scheduled to be shown in the science building.

"North Carolina's Tribute to John Kennedy" will be shown on November 12, at 6:30, and "Cat On a Hot Tin Roof" will be featured on November 14, at 7:30, both in the Dunham Music Center.

"The Courtship of Eddie's Father" will be shown at 7:30, on November 27, also in the Dunham Music Center.

Soccer Team Loses To Berea

Berea College of Kentucky handed the Brevard College soccer team their second set-back of the new season by a score of 7-2.

With ten minutes gone in the first quarter, the strong Berea team scored their first goal. A few minutes later Brevard's Jeff McMillan put his team on the score-board with a beautiful goal. Berea scored again to make the half-time score 2-1 in their favor.

In the third quarter Berea scored a lone goal to increase their lead to 3-1. The last quarter proved to be fatal for Brevard. With seven seniors on their first string, Berea started to pull ahead for keeps. Within a period of five minutes, they managed to score four goals bringing the score to 7-1; but the "never say die" Brevard team came back and scored their final

goal on a penalty kick by Skeet Sturtevant.

Earlier in the afternoon the Brevard "B" team played the Berea "B" team to a 2-2 tie. Brevard's Kirt Squitier and Bill Bradley each scored a goal in the first half enabling Brevard to lead at half-time by a 2-0 score. In the second half Berea scored their two goals, one of which was a penalty kick.

After the game Coach Tauscher had this to say: "I think the boys played a terrific game. We played a much better game than is indicated by the score. Except for about five minutes in the last quarter, the teams were very evenly matched. Berea handled the ball better, but Brevard out hustled them for most of the game. I cannot pick out anyone who excelled because the whole team played brilliantly. If we keep playing

ball like we played against Berea, we should win about 3 or 4 games this year."

Concerning the soccer game with Appalachian this Saturday at Brevard, Coach Tauscher stated, "Appalachian beat us last year on our home field."

This will be the first home soccer game. Kickoff time will be two o'clock.

HATS ON!

The proper hat style can make the short man look taller — the stout man look slimer — the thin man look huskier.

The proper hat selection can accent the positive and soften the negative in any man. It is all in the choice of crown, whether tapered or full — a narrow or wide, snap or rolled brim — and many other variations which we will gladly explain to you.

Worn slightly tilted, the right hat imparts a jaunty, confident air, and enhances the appearance of any man.
