

### Miss Tillotson Will Instruct At Center

Miss Virginia Tillotson, Brevard College faculty member, was recently chosen to teach at the Brevard Music Center this summer. She will be teaching clarinet and music theory, and will be playing in the Brevard Music Center Orchestra, the Opera Orchestra, and in the Connoisseur Concerts (chamber music).

Miss Tillotson had previously attended the Music Center several times, mostly during her teenage years.

The talented Miss Tillotson is presently teaching woodwinds, directing the Madrigal Singers, and directing the Brevard College Concert Band.

Last year she founded a group of vocalists and instrumentalists known as the Touring Ensemble. She does all the arranging for this group which combines vocal and instrumental music. This includes the recent medley from *Man of La Mancha*, which was performed

### The Marvelous Moser Is A Great Asset

Miss Joan Moser, member of the Brevard College Music Department, will be working on her Ph. D. in musicology at the University of Michigan next semester.

Miss Moser completed her undergraduate work in music at the University of North Carolina at Greensboro. She was also very active in the drama Department while there, helping to produce several Greek plays, as well as writing the background music for them.

She received her Master of Music degree from the University of North Carolina at Chapel Hill. She was also a Fulbright Scholar, attending the University of Oslo (Norway) during 1960-61.

An extremely versatile performer and teacher, Miss Moser teaches classical guitar, woodwinds, percussion, music theory, and a music literature course.

Miss Moser is in great demand as a folk music performer, and is widely recognized as an authority on Appalachian Folk Music. She performs on the guitar, banjo, lute, dulcimer and Japanese koto, as well as vocally.

Miss Moser has appeared at the Asheville Mountain Dance and Folk Festival, the Carolina Folk Festival in Chapel Hill, and on the NBC television series "Wide, Wide World."

She has been guest lecturer for the North Carolina Folklore Society and for the Southeastern Division of the American Musicological Society.

While completing her master's degree at UNC, she was graduate assistant to Dr. Wilton Mason, director of the Institute of Folk Music. She was also the consultant for the National Educational Television series of eight programs entitled "Songs Out of the South."

While she was in Norway, Miss Moser made a comparative study of Scandinavian folklore and the Anglo-American traditions of the Southern Appalachians. She also presented American folk music throughout Norway under the auspices of the American Embassy and was a guest performer on both the Norwegian and Swedish state radio systems.

Of course, all this comes rather natural to Miss Moser. In her own words, "I followed on the coat-tails of my father." Her father is Artus M. Moser, nationally-famed folklorist. He has added several hundred recordings to the Folk Music Digest in Washington, D. C.
