

Volleyball Team Ready To Go

By Sandra Zeigler

Hey Tornadoes! Guess what's going on with this year's volleyball team?

Girl's volleyball Coach Sally Walker is fired up and ready to go with the Lady Tornados in her second year here at Brevard. Her hopes are high as Coach Walker speaks of returning players Donna Bishop, Dawn McBride, Chris

Owens, Phyllis Walker, and Cindy Cooper.

"Freshmen on the team this year will also be a great asset as several girls come onto the team with lots of experience," stated Coach Walker.

Miss Walker describes her team as, "Great! They always give 110% and they're great sportsmen, on and off the court." The team expected to meet one of

their toughest challengers last night, when they faced Spartanburg Methodist. At press time, the results of that match were not known.

"We urge everyone to come and support our Lady Tornado," commented Coach Walker. "People make the difference in whether we win or lose a lot of the time. The girls have the talent, but fan support helps so much."

Coach Scarborough Predicts: 'Best Team In Brevard History'

By Tim Wilkins

It is quite safe to say that Brevard soccer Coach Don Scarborough is a true optimist. When asked how he feels about his team's performance thus far into the season, he exudes enthusiasm and confidence.

Stated Coach Scarborough, "This could be the best team in Brevard's history, and it has the potential to go farther than any Brevard team before it."

That's quite a statement for any coach to make, but Mr. Scarborough does have his reasons. For example, even though his team won only a single contest out of the four pre-season scrimmages, the only time he was disappointed in his team's perfor-

mance was a 2-3 loss to the University of North Carolina-Asheville.

And according to Coach Scarborough, quite a few four-year colleges are interested in some of the team's more talented players.

Although Coach Scarborough stresses the importance of team unity, he did comment on a few of the brighter participants, such as center mid-fielder David Mobley. "David could become the most heavily recruited two-year collegiate soccer player in the nation," commented Coach Scarborough.

Also recognized were stopper back Jeff Trost, and John Maple, who, despite the fact that no official records were kept during

the scrimmages, scored the most goals.

Coach Scarborough also pointed out that out of his nine sophomores on the team, most could be picked to play on four-year collegiate teams.

Looking into the future of the Tornado soccer team, there are nineteen regular season games, followed by the sectional, regional, and national championships.

On Saturday, September 24, Brevard will sponsor its own four team tournament.

If last Saturday's winning effort against tough Baptist College is any indication, the '82 season could be a rosy one.

Former Tornado Valerie Waring spikes one hard during a practice session last year. The Lady Tornados travel to Mars Hill tonight for their second seasonal match.

Jones, a tough inside player from Winston-Salem. Jones is expected to play small forward and at the guard position. pleased with our chances for a winning season."

"A main reason I feel we will do well this season," points out guard Daryl Lester, "is team unity. John Wilson, Ed Jenkins and I have all played on the same team at one time or another."

Larry "Doc" Gaines, the only pure guard recruited, is expected to add speed to the team and see a great deal of playing time.

Other freshmen include inside power man Joe Forbes, guard; small forwards Ed "Big Cheese" Jenkins, Ricky Trailer, and Paul McGuire. John Wilson, a power forward transfer from Elon College, will not be eligible until second semester.

According to Coach Rogers, the greater ball handling ability and speed should allow Brevard to operate more of a running offense. Says Rogers, "I am really

Added Coach Rogers, "We have a tight, hard-working squad, and that is a big plus." The conference title and national ranking are the goals this year's Tornados have set.

Team Unity Means Victory

By Todd Greeson

Second-year head basketball Coach Doug Rogers hopes to put the Brevard College Tornados' basketball program back on the winning track after a 10-15 record last year. He thinks he has the talent to do it.

"We have a strong nucleus of returning sophomores and have a

good group of incoming freshmen," says Coach Rogers.

The Tornados return seven sophomores, including last year's MVP Tim Phillips at the center position. "Tim's basketball knowledge and one-on-one ability is hard to match," stated Rogers. The other returning center will be Jim Whisnant, a hard-working,

experienced player.

At the guard position sophomores include Daryl Lester, a hustling guard who was voted most improved on last year's squad.

The other sophomore guards are Ricky Pitts and Jeff Fender, who provide speed and ball handling ability in the backcourt. Sophomores Louis Nelon and Richard Phillips will provide leadership and experience at the forward position.

The freshmen recruited by Coach Rogers, seven in all, should provide the catalyst for the Tornado club.

Among the freshmen is Jeff
