Major in Business Administration at UNC-Chapel Hill |

Despite the constant rainfall here at Brevard, I have managed to have a good time. I've learned a lot about people as well as myself. Though once I leave Brevard, I may never see some of my friends again. I'll always have good memories of Brevard. --Jonathan Beegle

As time of graduation approaches, I realize how quickly my past two years at Brevard College have gone by. It will be difficult to leave good friends and lots of fun times behind, but these memories of BC will always be with me.--Cherie Tinsley

In a nutshell, I'd describe my two years at BC as rich and fulfilling. Not only has it been a time to learn independence and responsibility, but it has also been a time to trust in the Lord for His direction and guidance. The warmth of teachers and friends has been an added smile in my life too. --Dee Berry

The past two years have been challenging, but enjoyable. I've made many close friends here at Brevard, and I'll always have memories of the "good times". Brevard College has allowed me the chance to see my future potential. I feel ready for the challenge of my next college and of my life after college. --Peter Anderson

The first step in going out on my own has been eventful, scary, and just what I needed. When I walked into this campus I thought I had all my books in one bag, but I soon found out I needed more and bigger book-bags. --Kimo Anderson

I would like to thank Mrs. Hollowell, Dr. Bob, and Dr. Brower for the most valuable instruction they've given me in my two years here at Brevard. --Pamela Hartsell

Many Sophomores responded to the comments category of The Clarion's Sophomore Survey. Printed here are some of the better responses which the Clarion believes accurately sums up the feelings of many graduating Brevard College students.

Even though I will be glad to graduate and move on, a large part of my stay at Brevard will go with me. I have learned some invaluable lessons at Brevard that will follow me always.

The opportunity to live in the dorm so closely with others has also been a great experience. I never realized my own good fortune until I lived with and learned about others.

Brevard gave me the opportunity to find myself and test my new-found self on others. I hope Brevard will be around for many years to come so others can have the same opportunities to take advantage of that I had. --Susan Eastwood

Brevard gave me two very variety-filled years. I was allowed to participate in activities here that I may not have at a larger school. The personal attention and size of the school were very helpful, but now I'm ready to move on. --Bill Tweed

I feel that my experience at Brevard has been and will be profitable to me. I've been impressed with the concern of the teachers for their students and for one another. --Regina Wortman

Brevard is a good two-year school and I love it here. I will miss the concern of the teachers and those people who have academically inspired me. --Michelle Ebner

(My stay at Brevard) has enabled me to experience the best two years of my life. The "Breath of Life" it has given me in the "Springtime" of my life has opened my eyes tremendously and influenced my outlook of life. I will always have this with me from BC. --Danny Phillips

These were the best two years of my life. I learned a great deal from all of my professors; I've made a lot of friends, and I've met my future husband, Cliff Ratcliff, here. --Michellé Weisheit

My years at Brevard have provided a wonderful time for me to get to know myself. The beautiful atmosphere is a combination of the scenery and people and has contributed to my growth. I know the Lord led me here, and I see how He has established me in this valley. I've enjoyed my time here and will cherish the memories for the rest of my life. --Awara Conrad

Brevard has become my home. My heart will always remain here. --Christy Craddock

It seems as though I have been here a long time, but I still didn't get to do all the things I wanted to. Even so, Brevard College will always be in my memory because I have grown, made friends, and reached some of my goals here. --Ellen Chaffee
