## Women's Cross Country

# Small But Effective Team

By Andrea Braymiller

Sophomore Patty Jones and freshman Becky Shore make up this year's Brevard College Women's Cross Country Team. Due to the outstanding support of Coach Dave Rinker and also of

Coach Witek, the girls have had an overall good season.

The girls have gone through immense training such as morning swims and afternoon runs. The tough training prepared the girls for a meet at N.C. State University, the Southern In-

dependent Championships and a Dual Meet at Western Carolina as well as several road races.

Although small in numbers, BC Women's Cross Country team is

an active and effective part of the athletic department.

# Skiing Classes Offered

By Leca Chapman

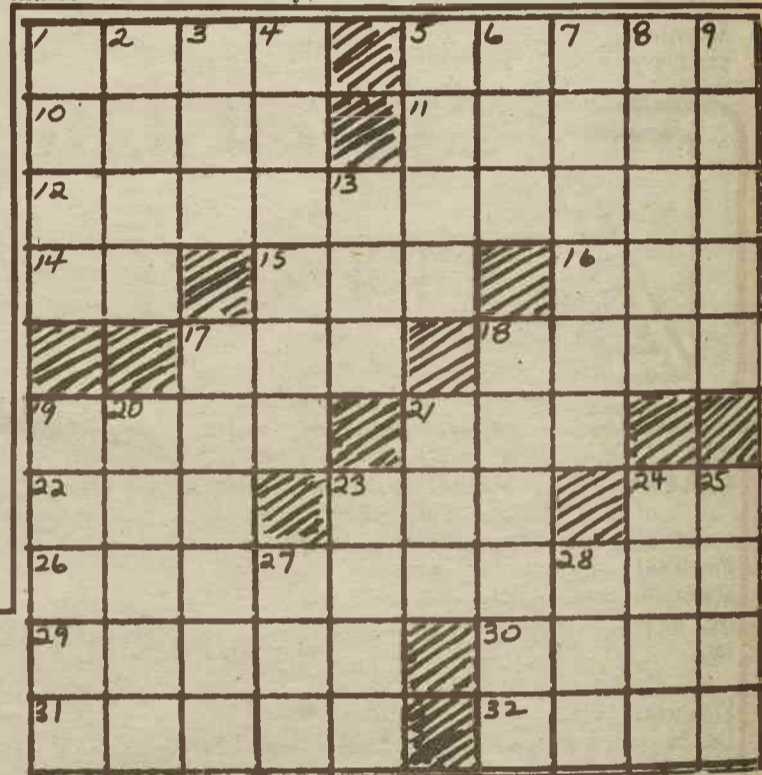

Beginning January 6th and lasting through January 11th students from Brevard College will have a chance to go skiing

and earn an activity credit in the process. Dean and Mrs. Scarborough will take a group of students into three areas for a week of fun, sun, and snow. Option one is for the recreational skier and involves no class work. Therefore, no credits are given. Option two is for the beginning skier. Skiing lessons will be given from an hour to an hour and a half each day. At the end of the week students will be given a written test and also a skills test to determine the grade earned for this course. Option three is called Multi Mountain. This activity is for advanced skiers and consists of three days of instruction at Appalachian Ski Mountain and two days at either Sugar or Beech Mountain Ski Resorts. There will also be written and skills examinations to determine if credit is earned for the course.

Both option two and option three

will count as an one-hour activities course if a high enough grade is earned.
