...Marla Camp sang

"Dixie" a capella.

A '60s "Big Chill" dance routine came on next, Terri Jennewine followed with a clarinet presentation, the Five Star dance team wowed the audience with their smooth moves, Erin Greenlaw did a beautiful song called "Love in Any Language," and then Carol Richardson sang and played the piano to the song "Ocean Eyes."

To cap the evening off, the hard-rocking band, Triple X, played three songs entertaining the rockers and some non-rockers in the crowd.

In Dunham that night, there was a positive feeling floating around of how much talent BC really has to offer and it felt good to know that the students and parents together could share in this positive experience.

The "Big Chill" singers get it on.
