

The BC women's soccer team are, front row, left to right: Elizabeth Warner, Vicki Ruiz, Lori Paulakonis, Debra Brook, Tammy Scott, Julie Haydin, Colleen Runion and manager Paul Evans;

back row: Heidi Kaiser, Lennie McClellan, Tara Harding, Jennifer McMaster, Linda Hunt, Jennifer Keltner, Samantha Griffiths, Nikki Thompson, Laura Clark and Coach Joe Bartlinski.

Ladies lose one, win one, in recent action

by Scott Grubbs
Clarion Reporter

BC women's soccer team traveled to Banner Elk Saturday, Sept. 22, to face Region X rival Lees-McRae. The 4-1 Tornadoes lost the game 2-1 in overtime.

"We had some opportunities to win late in the game," commented Coach Joe Bartlinski. The score was tied

1-1 when sophomore Hiedi Kaiser's goal shot hit the crossbar and apparently hit the line but was ruled no goal.

The weather was tough, too. Strong winds and cool temperatures made it rough to play. "It was tough to lose but I'm glad it came early in the season; we can learn from this and regroup," said Coach Bartlinski. "The ladies know that they didn't play their best and we still almost won. They are a great group to work with. We will become even stronger after this."

The Tornadoes traveled to Boone Wednesday, Sept. 26, where they beat Division I team Appalachian State 1-0; then travel to Anderson Wednesday October 3.

1990 Women's Soccer Schedule

OCTOBER	
Wed. 3	7:00 @ Anderson, Anderson, SC
Mon. 8	4:00 @ Spartanburg Meth., Spartanburg, SC
Wed. 10	4:00 LEES-McRAE, Banner Elk, NC

Sat. 27	1:00 SCHOOLCRAFT, Livonia, MI
NOVEMBER	
1 & 3	TBA @ Spartanburg Meth.

Attendance climbs in new club

by James MacArthur
Clarion Reporter

Brevard College students plan to get high in the newly formed rock-climbing club.

On Monday, Sept. 17, BC had its first rockclimbing club meeting. Over 20 people showed up, which surprised President Frank Garret. Also seven girls, one from Brevard High School, and a faculty member attended. All of the club's officers expressed that they were pleased with the turn-out.

The club's advisor, Clyde Carter, and the officers discussed the future plans of the club with the new members. The main objective of the club this year is to raise money to build an artificial climbing wall on campus. The main funding of the wall will come from the \$20 membership dues, but other fund raisers are planned in the future.

Along with the wall, the club plans a possible trip to the Atlanta Athletic Center to climb on their multi-million dollar artificial wall. Also, the club plans numerous trips out to local rocks, as well as clinics for the less experienced climbers in the club.

The club will also be keeping up with environmental issues as well. Its members will be doing mandatory trail maintenance in climbing areas. Also this trail maintenance counts for Project Inside Out hours as well as hours for points, however this only applies to its members, so if anyone is interested they need to contact Frank Garret in Taylor basement or Clyde Carter in the gym.

The club will also be issuing I.D. cards for its members. These cards will allow them to buy equipment from local outfitters at a discounted rate.

The club will also be having guest speakers come in and help out with the club, and there are tentative plans for the club to help kids out at local camps in their learning of the sport.

The Brevard College Environmental Awareness Group's first meeting for the fall semester will be held Monday, Oct. 8, from 7 until 8:30 p.m. in the Coltrane Commons conference room.

The program to be presented by Dr. Jeffry Llewellyn, the group's new faculty advisor, who will show will be a color slide show titled "Ecological Environments of the United States."

All interested students and faculty are welcomed to attend the meeting.
