

What Is SGA ???

Brian Hemel

SGA is the Student Government Association, a group which has and continues to make major changes toward the positive future of Brevard College. This organization is led by the SGA Senate which is comprised of club and other organizational representatives, resident hall reps, and other BC students who choose to represent themselves. Overseeing the SGA and the Senate is senior Kelly Surles, President of

SGA and the voice of students' opinions.

Students interested in exploring SGA should begin reading e-mails from Julie Robbins, SGA Secretary. Those interested in becoming senators need only to attend any 7 p.m. Wednesday night meeting in MG 116 or stop by the SGA office in the Center for Service Learning, Coltrane Commons. SGA members hope to see you there.

SERVICE LEARNING

MAKING A DIFFERENCE EACH AND EVERY DAY

Brian Hemel

It is often noted that there are basically two kinds of people in this world: the doers and the watchers. For those BC students involved in the College's Service Learning Program under the direction of Linda Helms, there is no question as to what type of people they are. Busy becoming leaders in Western North Carolina, these students are continuing to enjoy helping others.

As featured in a previous *Clarion* issue, the *After School Team*, led by Selome Bekure, is growing in its dedication to children in the local communities.

This semester the team will be helping out at the Jenkins Community Center several days.

Other on-going projects include the FRIENDS Program, a joint effort of TREND Mental Health Services and Brevard College's Service Learning Project. FRIENDS is much like the well-known Big Brother, Big Sister organization wherein mature citizens act as role models to children ranging in ages from 6 to 12.

Yet another service project is underway at the hands of Dr. Susan Schmidt and three environmental studies students. They are creating a "community garden" on campus and will work with children on a "youth gardening program" focusing on caring for plants, composting, and studying the ecology of native plants.

So, which are you? A doer or a watcher? Get up. Make a difference. Help out in your community. Go see Linda Helms in the Center for Service Learning in Coltrane Commons or call her on extension 8275. You can make a difference!

Across

1. Initials of BC's 2-year Honor Society
2. Name of summer session
3. Name of organization that gives campus tours
4. _____ Baseball Field
5. Street that Brevard College is located on
6. @Brevard. _____
7. Grade given to student who has not completed a portion of work.
8. Can't eat without it

7. Last name of math instructor who attended Louisiana Tech
8. Closest grocery store
9. Minimum hours to be full-time student

Crossword Puzzle

Students: Make \$\$\$\$\$\$\$ Without Working

As the end of term nears, students should note the following King's Creek Bookstore "buy-back" policy for all books:

- One-half the current selling price for new or used books which have been reordered by faculty.
- Wholesale price (less than one-half current selling price) for any book at any time.

Questions? See Elisa Moorehouse in Coltrane Commons or contact her on extension 2284.
