Outdoor Life Network Amateur Video Contest

UWire (Standford) Outdoor Life Network (OLN) in adventure television, is looking to amateur videographers to submit their most thrilling adventure video. The top five entries will be broadcast as part of a special, devoted to the competition, scheduled to air in the second quarter of 2000. The announcement was made today by Wendy McCoy, Director of Marketing for Outdoor Life Network.

Of the top five videos, three will be chosen for prize awards. One Grand prize winner will receive the choice of four adventure prize trip packages, \$5000 cash, or a paid internship as an associate producer with OLN. One second place winner will receive either a Cannondale Super V Freeride 900 Bike, a Perception Kayak or \$2,500 in cash. The

third place winner can choose between an RCA Video Package or \$1,000 in cash.

The four Grand prize packages that the winner can choose from are: (1) A trip to Nepal, home of the 2000 Raid Gauloises Adventure Race; (2) A trip to the 2000 Giro d'Italia in Rome; (3) An extreme Ski Adventure with Mike Wiegles Helicopter Ski Tours in British Columbia; and (4) A Whitewater Rafting Trip through the Grand Canyon.

"This is a wonderful opportunity to find out just how far reaching and influential our programming has become, and to expose OLN to the next generation of adventurers and thrillseekers," noted McCoy.

Entrants are asked to submit video in VHS or Beta format of their most amazing adventure. The types of adventures accepted for submission include, but are not limited to:

downhill or cross-country skiing, snowboarding, snow shoeing, hiking, mountain climbing, road cycling, mountain biking, surfing, kayaking, canoeing, white water rafting, water skiing, wake boarding, wildlife interaction and adventure racing.

The videos will be reviewed by a panel of representatives from OLN and Gamma Communications, an independent judging company. They will be judged on the basis of originality, creativity, level of adventure and ability to inspire. All entries must be original and may not have aired on any other medium.

Interested contestants need to call 1-877-OLN-ADVENTURE. All tapes must be received by Jan. 31, 2000.

T.I.C. Report

Dr. Robert Towell was awarded a research grant this past summer by the Waynesville UFO Society. He was to try to make contact with extraterrestrial beings by sitting on top of Mt. Pisgah at night and reciting poetry of Ken Chamlee through a bullhorn.

He made two possible contacts. One proved to be a bearded, retired Brevard College professor "bush-whacking" through the woods and lost in the dark.

The other possible contact appeared as a glowing object coming through the woods but proved to be a lost hiker who worked for the Oconee Nuclear plant during the day.

Next summer he hopes to improve on the project. A battery operated stereo system will be used to read selections from Ernie Mills "Off the Wall" emails and to play a creation by Jon Gudmundson, "French Broad Jazz Suite."
