

Forrest and Rose Van Horn Scholarship established

The Forrest and Rose Van Horn Scholarship, named after President Van Horn's parents, will become available beginning fall semester 2006.

The Scholarship amounts to \$500 a semester and first consideration will be made to students from Burke County, N.C., according to Administrative Assistant in the Financial Aid Department Monica Booth. If there is no student from Burke County available for the scholarship, others will be considered. Essentially, the scholarship is available to "any student that wants to go to college but needs some help," President Van Horn said.

President Van Horn said that his parents were always very passionate about young people having the opportunity to obtain a higher education. So when his father, Forrest Van Horn, passed away on Jan. 18, he talked with his brother and they decided that "establishing a scholarship would be a good way of continuing their legacy."

Forrest Van Horn grew up in the depression and had always worked with his hands, in heating and cooling and home appliances, according to President Van Horn. He was in the Navy during WWII and lived to be 80 years old. He was survived by his wife of 57 years, Rose Van Horn, who was always very involved with her children's educational experience.

"My mom and dad...neither one had a college education," said President Van Horn. "They lived very simple lives. It was important for them that young people go as far as they could."

CAB discusses Springfest, campus TV channel

by Christina Dennis
Staff Writer

During the February 22nd CAB meeting the decision was made to accept the proposal to sponsor a 24/7-campus movie channel and a rough outline for Spring Fest was established.

The channel works through a Digital Media Player, which is mostly run by the company and takes care of everything. Each month the school selects eight different movies and plays four of them for two weeks on a cycled loop then switches the movies for the second half of the month. The movies chosen will partly come from student input. An email to CAB or better yet, a visit to one of the meetings (Wednesday 7pm MG 113) will help to get the movies you want to see most aired.

The goal is to get 2 or 3 new movies a month and change the rest up to offer variety. The movies available will be as current as possible. As soon as they are released to home video they are in our rooms. Other locations CAB wants to be hooked up to this channel is in the communal exercise room and the Tornado Lounge in Coltrane.

CAB also intends to use

the channel as an outlet for academic movies and Brevard student's work. The channel will not be in effect until the 2006 fall semester due to the way contracts with the company take place.

Those who took the survey given out in the Caf have set the groundwork for the Spring Fest itinerary. Most likely things are going to gear up around mid-afternoon in front of Beam and Jones with lunch served outside. There will be smaller bands, Inflatables, Bizarre wars, and a generational theme. The theme is to dress somewhere from the '80's to present day.

Last year some things got out of hand with non-students coming to the dance. As a result and ID will be required so keep it on you at all time in case you're asked to identify yourself. If you have a date that is not a student, that is fine, just be able to account for your guest. An age limit of 17 is being considered in order to maintain a relaxed atmosphere.

If you've got realistic band request for the bands performing throughout the day email CAB or come to a meeting Wednesdays @ 7pm in MG 113.
