

Gun found on campus

From Staff Reports

Brevard authorities issued a warrant this week to Brevard College student Antonio Lawayne Williams for possession of a gun on educational property.

Williams has been arrested and has also been suspended from school and banned from the Brevard College campus.

The arrest came after Campus Life received notice last week that there was a gun on campus.

A joint investigation by

Campus Life and Brevard College Security determined that there had been a gun on campus.

The offending student was then arrested and put on indefinite suspension by the school.

In a statement issued by the college, President Drew Van Horn said that he is "extremely pleased with how Campus Life and Brevard College Security handled this matter," and is "confident about the safety of all who work and study here at Brevard."

SGA, P.H.A.T to co-sponsor spring break Habitat work

by Joseph Chilton

Students who are currently looking for something to do over Spring Break now have the option of participating in a local Habitat for Humanity project over the break, thanks to an activity sponsored by the Peer Health Advocacy Team and SGA.

Applications are currently being accepted for the event, which will allow 10-12 students to work with the local Habitat for Humanity chapter and aid in the construction of two homes.

Students participating in the program will be allowed to stay on campus for free during the break and will have their meals paid for with funding from the SGA.

According to Dean of Students Sue Yowell, this is a great beginning for what she hopes will be a future

relationship between the College and Habitat for Humanity.

"It's exciting. We have a very active Habitat in this county," said Yowell.

"My hope is that students who participate in this will get involved even more in the future."

Applications for the program can be picked up by seeing Dean Yowell in Campus Life. Students seeking to apply must be in good standing with Campus Life, and must be able to meet the time demands imposed on those wishing to work with the project.
