

# American Hero

Our final honoree of the year is the only true American Hero. This week we are saluting the One who provides the inspiration for everything we do as Americans. We're talking about God, but not the He/She/It God of the flaming liberals, but the American God. This is a God who still smites without giving turning the second cheek the briefest thought, who taxes the poor while letting the rich drive their Hummers through the eye of the needle (with all of their worldly possessions, of course). American God promotes loving thy neighbor, but only if they look, talk, sound, and act exactly the same way as you do. Blessed are the meek? Bump that, pre-emptive strikes are a sign of faith that American God will see you through, because after all, if American God is for us, who can be against us? For all these reasons, American God, *The Clarion* salutes you, up there in your Heavenly mansion with the American flag proudly waving on your front porch.

## Horoscopes

By Joseph Chilton and Sam Winn  
Staff Astrologizers

**Aries:** No matter how out of shape you are, no matter how pale, no matter how hairy, a speedo is always the best choice. Lucky Color: White....but only after Memorial Day.

**Taurus:** Hiking in the mountains will be a wonderful summer vacation, but the stars say you should start to practice squealing like a pig now.

Lucky Color: Pickled okra green

**Gemini:** Go to every party the kids at your old high school throw this summer. That'll show them how cool you've gotten.

Lucky Color: Red, white, and blue (Lucky you, your colors don't run!)

**Cancer:** Having trouble getting to know people? Get bit by a shark! That scar will be a guaranteed conversation starter.

Lucky Color: Black biker week

**Leo:** Beware the doodle that can't get undid, homeskillet. This ain't no Etch-a-Sketch.

Lucky Color: Freaking ripped and tan-hoight!

**Virgo:** I know you can't wait to get home now, but maybe you have forgotten how dysfunctional your family is. Give it a week.

Lucky Color: Fat crevice pink

**Libra:** You will meet the love of your life at Bonnaroo. Too bad you won't remember them.

Lucky Color: Clogged artery

**Scorpio:** Get a summer job with UPS, and spend your break checking out people's packages.

Lucky Color: The legs of that old guy who is wearing a speedo and really shouldn't be.

**Sagittarius:** A night in jail on your summer pilgrimage to Myrtle Beach will be a coming of age event for you.

Lucky Color: Strawberry wine, 17, first taste of love, o' bittersweet

**Capricorn:** Summer love can be fun, but don't kid yourself. It won't work once you go back to school.

Lucky Color: Chlorine

**Aquarius:** Wear floaties in the deep end. You will get laughed at, but you won't cramp up and seeing if it catches on will be a test of your coolness.

Lucky Color: Your skin after wearing too low of an SPF

**Pisces:** Skinny dipping can be fun, but be warned: it can be embarrassing if the water is cold.

Lucky Color: The bottom of the lake
