## Gear up for the outdoors this spring

### *Rental program planning 'Grand Re-Opening' for Jan. 29*

by John Climer  
Staff Writer

Have you ever wanted to go play in the woods, but lacked a necessary piece of equipment? If so, the Outing Club has a solution for you.

The Outing Club offers outdoor enthusiasts of all degrees the opportunity to outfit themselves for adventure with their recently established Rental Program. The Rental Program is housed in room 10 in the basement of Jones Dormitory and offers a wide range of equipment for traveling into the backcountry.

If camping or hiking is your forte, then you can check out a tent, a tarp shelter, backpacks, raingear, maps, compass's, sleeping bags & sleeping pads. If you want to test your abilities

at bouldering, then rent a crash-pad and head out to one of our local boulder-fields. If you want to give kayaking a shot, you can rent a PFD (Personal Flotation Device) and a paddle. These are just a few of the items available through the Rental Program.

Each item that is rented comes with a different fee, charged at a daily rate. The Rental Program is open only to Brevard College students and requires that students give their student ID number and sign-out for each piece of equipment they plan to rent, taking responsibility for proper use and care of the rented items.

The Rental Program is currently planning its "Grand Re-Opening" for Jan. 29 and will offer gear rentals for half of the already reasonable prices.

**Numerous items will be available for rent starting Jan. 29 as part of BC's gear rental program. The program will be based in Room 10 in the basement of Jones Hall and run by Jason Djuran.**

Further hours of operation for the Rental Program are Monday and Thursday of each week from 3:00 – 5:00 P.M. or by appointment (depending on availability) with Jason Djuren.

This program has developed

over the past 2 ½ years and will continue to grow based on interest, demand, and liability issues. This is an impressive step-forward by the Outing Club and I urge readers to take full advantage of this program so that it continues to grow.
