by the Clarion's story-teller  
to the stars and liaison to all  
things astrological

**Aries-** You will have a 'Come to Jesus' meeting with Charles Bronson this week. Unfortunately for you, this means that Charles Bronson wants to kill you.

**Lucky Color-** Yellow, but pronounced 'yaller,' as in belly

**Taurus-** Upon abiding by your horoscope this week you will lose all self respect, but believe me its better than NOT abiding by it.

**Lucky phrase-** Damned if you do, even more if you don't

**Gemini-** The Serbians have been known to say, "Te pravedan gubiti vaše vreme." This will be important this week.

**Lucky thought-** Nista

**Cancer-** Michael Vick

**Unlucky vice-** Killing dogs

**Leo-** Your belief in a vengeful god will be reinforced by the tsunamis and earthquakes across the South Pacific. They must have done something to piss him/her/it off so much, right????

**Lucky act-** Destruction.

**Virgo-** You will begin to fancy yourself a genius after some success in the classroom next week. Don't worry though, its only a passing fancy.

**Lucky speed-** Light

**Libra-**Your grasp of the concept of gravity will increase this week, but only to have dire consequences.

**Lucky sound-** SPLAT!

**Scorpio-** Jesus knows he promised to love you until the end of the world, but things change and sometimes people have to just kind of move on. He hopes you understand and that you can still be friends. He'll call you, k?

**Lucky activity-** Ascension

**Sagittarius-**Your deity of choice

knows about you and the favors you asked for from that other God. He doesn't take your explanation of 'just covering your bases' to be sufficient.

**Capricorn-** The stars forming the constellations which make up Capricorn are unable to be read because a couple of them are out sick with that swine flu thing. Check back next week.

**Lucky color-** Phlegm

**Aquarius-** The stars suggest you take over Billy May's place in Hollywood. Not as the spokesperson of every product ever 'infomercialized,' but as the only human being whose beard growing skills rival those of Chuck Norris.

**Lucky bodily function-** Hair Growth

**Pisces-** You will learn the hard way that Axe and Tag body sprays repel more women than they could ever attract

**Lucky scent-** Ass (Axe) and Gag (Tag)

## American Hero

In the spirit of the Bay of Pigs fiasco, our involvement in several South American countries, and basically all of our dealings with Iran, the United States could, at times, have its foreign policy compared to the friendship of a fair weather friend. Luckily for Michael Vick, the Nike corporation has a very similar policy. Earlier this week, Vick re-signed an endorsement deal with Nike, after having been dropped by the company following his dogfighting scandal. However, as in all things, it seems money talks, and Vick's jersey (as well as Vick himself) has been a hot commodity item. So Nike rejoined the Vick team. For showing a forgiving attitude that has no strings attached (except for the ones which require Vick to continue playing in the NFL i.e. not getting kicked out again, not engaging in the heinous sport of murdering dogs, and continuing to make them money) the editors of The Clarion would like to award Nike the American Hero this week.
