Question 1: When is the best time to start applying for an internship for the spring and summer sessions?

Answer: Now is the best time to line up your internship. Go into the Coltrane

building, AEC level, and see Mrs. Davis about all of the different opportunities that are available. You can also check out some of the internship opportunities on the MyBC website.

Question 2: I really need help with note taking in class. What can I do?

Answer: There is a Note Taking Service

offered at Brevard College. Any student at Brevard College can request notes. This means that someone in your course is going to receive some money for taking the notes for you. That note-taker will leave the notes at a drop off point, so they will not know whom the notes are for. For more information about the note taking service, contact Susan Kuehn at skuehn@brevard.edu or call 828-884-8131
