The Debate Society/Young Politician's of America will be holding a viewing of the controversial documentary *Zeitgeist* on Sunday, April 25th at 9 pm in Dunham Auditorium, directly following the athletic meeting. This film is being shown not to endorse or promote the views of the producers, but simply as a way to stimulate thought and discussion between students on alternative ideas. Your host for the evening will be Park Baker, and an open discussion will be held after the film on it's content for all who are interested. For further information, or if you have any questions, please contact Park at bakerpe@brevard.edu.
