# AMERICAN HERO

Nevada senatorial candidate Sharron Angle, of the Tea Party, reached an all-time low this week and managed to do it in almost record time.

In Angle's 31-second campaign advertisement, she not only stereotypes Mexican immigrants but stoops so far as to make overtly racist assertions about the activities of Mexicans when they enter our country. Additionally, Angle throws some below the belt shots at Harry Reid, justifies Arizona's racist laws and asserts that English should be America's national language.

So for being a bigot and doing it in "American," we salute you, Mrs. Angle.
