

# Students relocated

Lightning damage has forced the residents of South Villages to seek refuge all over campus. Residents of South 2 in particular are being permanently relocated to other excruciatingly unsuitable residence halls.

Two students have opted to "squat" in classrooms as they have found the carpeted, quiet, temperature regulated rooms much more accommodating than the Hepatitis ridden Green or freshman infested jungles of Beam residence hall.

Those interested in forming a tent city should contact Clarion staff at clarion@brevard.edu. Step in. Stand out.

# Bauslaugh sighted!

Early this week a confused and blurry Bauslaugh was spotted stealing mail from Pat Shores' office. Bauslaugh has allegedly been on sabbatical since the fall of 2010, though some believe him to have been in hiding after discovering that he may be the missing link. The Clarion staff has begun the process of molding a cast of Bauslaugh's foot for lab analysis. If you have any information on this elusive creature please contact us at clarion@brevard.edu.
