

With graduation come some tangible 'perks'

Free lifelong transcripts, e-mail among benefits

In addition to the obvious benefit of having an education—and a diploma to prove it—being a graduate of Brevard College has some additional perks.

One of the most tangible benefits, paid for by your graduation application fee, is that Brevard College graduates get *free transcripts for life*.

As anyone who graduated from another college or university can tell you, this perk can be a real boon, since official transcripts elsewhere typically run anywhere from \$5 to \$20—each time you need one.

Many employers and graduate or professional schools require an official transcript before they will hire or enroll new people, so graduates can quickly regain the cost of the graduation fee, especially if they change

jobs several times.

To request a transcript, visit the Registrar's Web site on the Brevard College Web site at www.brevard.edu to download and print the form.

Another benefit for BC graduates is *e-mail for life*—your name@alumni.brevard.edu. This perk, which is managed by the BC Alumni Association, allows graduates to maintain a single E-mail address that will not change, regardless of whether you move or change your Internet Service Provider.

Since the account is based on Google Gmail, graduates who sign up for an alumni.brevard.edu E-mail account will get more than 7 GB of storage space and an e-mail account accessible anywhere you have an Internet connection.

Even if you are a current student, you must ask for a BC e-mail for life account by sending an e-mail to Rebecca Gill at gillra@brevard.edu that includes your first name; maiden name; last name; class year; current city and state; and current e-mail address. More details are available on the Alumni Office Web site, also available on www.brevard.edu.

A final perk available to graduates is a lifetime subscription to *Mountain Currents*, the newsletter for BC alumni that keeps alumni informed about recent developments at the college and about the latest news from your fellow BC alumni.

The best benefit of all remains, of course, your education and the friendships you forged while at BC, but these perks are still nice rewards for choosing Brevard.
