

Leisure and Valentine Wishes.....

Always

By Victor E. Blue

Always...
From beginning 2 end
I love u...

I never wanted 2 hurt u
thinking so selfishly
How could i have been so
cruel?

I just wanted u 2 want me 2
but my fantasy did not
become reality
and i found myself alone,
without u

Well, time has healed this
broken heart
and filled it with love, not
bitterness
and visions of how fantastic
it could have
been

I still love u and i always
will
No one or nothing can ever
change that
And if u ever need 2 be lov-
ed —
i will be there 4 u.

He Must Be Nearby

By Shella Russell

My knees start shaking
my breath is weak
my pulse is racing
its hard to speak.

I see girls staring
and hear them sigh
I know "he's" coming —
"he" must be nearby.
