Convention Meets Nov. 15-18

"Will North Carolina Baptists grant additional Cooperative Program support to its seveen church-supported colleges?"

Insight into this question will be given in a preliminary report at the State Baptist Convention November 15-18 in Charlotte.

In the 1964 session two proposals which would have enabled the colleges to obtain further financial assistance were soundly defeated. Choosing not to leave the door completely closed, the Convention appointed a committee of 28 members to make a study, which would last a year or longer, of future development plans of the colleges. The Chairman of the committee is James Cammack, nextor of the Snyder Memorial Baptist Church in Fayetteville. The committee has already had several preliminary meetings, one of which was held at Wingate Junior College. Here college presidents met and pre-sented the future needs of their colleges

Come the Awaited Tournaments

by Brenda Hauser

"Resolved: that law enforce ment agencies in the United States should be given greater Freedom in the investigation and prosecution of crime."

Such are the words being heard in elassroom practice sessions of Gardner-Web's 1965-1966 debating teams. At this time, plans have been made for first semester tournaments with Anderson, Jouinor College (and possibly Wingate), Appalachian, Wake Forest College. and the University of Georgia.

Dr. C. Allen Burris, coach, has led the debalting force in a very important preliminary procedure before deciding to go to debate — that of studying both sides of the query logically attempting to understand affirmative and negative points. Equipped with at least a basie understanding of points involved, team members are now ready to face opposition. Returning from last year to compose the varsity team are John Logan, Ellenboro; Pollyanna Hester, Marion; Amanda Jenkins Cliffside; Brenda Hauser, Winston-Salem. Of great present and future potential are novice debaters Jane Carpenter, Ellenboro; Jim Ballach, Greenville, S. C.; Peggy Jones, Cary; and Rita Andrews, Boiling Springs.

Although G .- W.'s debate may "rip each other to shreds" in classroom sessions, it is established code now that evi-dence helpful to "the other side' is shared-an atmosphere of overall cooperation is expected and is present. Thus, equipped with insight into the query, under competent leadership with capable, cooperative, and enthusiastic debaters. the forensics facet of varsity sports looks forward to an outstanding year for Gardner-Webb College. That, Mr. Chairman, is my final contention in this dehate

Con't from page 1 songs and each has its own personal story behind it. "Yeah," says Wanda, "boy friends!" When working on a new song, the girls first "work around" with a tume and get the chords set. Then come the words. "The main thing," they say, "is to express our feelings about the particular situation at the time." This work eventually produces a song centered around the romances in their lives or in the lives of their close friends.
