## S.A. Tops Lynchburg for Dixie Title

By Mike "Jeep" Mullinnix

"Happiness is beating them (Lynchburg) for the first time," quipped coach Brockwell at Rocky Mount Saturday. And happiness it was. Players and coaches danced arm in arm. Fans congratulated a deserving team. Players shouted triumphantly, sang, and lifted coach Hackney to their shoulders to receive the tournament trophy. St. Andrew's soccer team had just defeated top rated Lynchburg College to win the second annual D.I.A.C. soccer tournament.

The Knights earned the right to play Lynchburg when they defeated a spirited Methodist team Friday by a score of 2-0. The game Friday left much to be desired as S. A. played less than perfect soccer. Several of our players waited on the ball instead of going after it. Some watched flatfooted as Methodist hustled after the ball. Our offense could not find a scoring combination.

The start of the second half provided no great change in the game. Individual effort proved to be the winning factor

as Doug Colby scored on a rocket shot from 20 yards out. The ball crossed the face of the goal and filled the nets in the upper right hand corner as the Methodist goalie watched helplessly.

The final tally came in the fourth period as Yank Albers scored his 20th goal of the season on a penalty kick after missing one earlier in the period. The S. A. squad won the game but the air was far from jubilant as they looked on to Saturday and Lynchburg.

Friday night was the beginning of the game on Saturday. Coach Hackney received a long distance phone call informing him that the S.A. booters had been chosen to play in the regional N.A.I.A. playoffs.

"This relaxed the team," noted Hackney. It also created an air of optimism which was carried into the game Saturday.

It was not long after the whistle sounded to open the championship game that everyone present realized they were watching the game of the year. Both teams were looking for the trophy.

St. Andrews took the opening

kickoff only to have it stolen by Lynchburg. The S.A. eleven then proceeded to steal it back, drive down the field, and take a shot at the Lynchburg goal.

From this moment on it was a determined Knight squad that fought Lynchburg. The Laurinburg booters played team ball as each individual player con-

tributed his effort to the final victory.

The defensive unit had been tough all season, but this was their highlight. Goalie Craig Hannis made 28 saves as he often charged the ball unexpectedly catching the Lynchburg players by surprise. His long throws and kicks helped

put the Knights back on the offensive time after time.

The fullbacks played a tough ball game. Doug Colby played All-American Rushy Taylor so tight he was unable to launch his usual lethal shot. Al Thompson and Bobby Brewbaker kept the wings outside and prevented
