

# CAMPUS CLUBS AND CAPERS

By Nancy Andrews

The Mathematical Honor Society met in the right front parlor on Friday afternoon, February 13, at 4:40 p. m. The president, Betty Jean Gilliland, opened the meeting with prayer. The president also presided over the business session. At this meeting the new members of the club were presented for recognition as eligible for membership. The major requirement for membership in the Math Club is that a student take a year (or more) of Mathematics, and have a "B".

The girls invited to become members were: Bonnie Bunn, Patricia Clark, Caroline Goodman, Letty Hill, Mary Ruth Matze, Kitty Oliver, Betty Jo Richardson, Carolyn Robinson, Emojane Womedarf, Frances Bobbit, Fay Buck, Eva Gray Davis, Betsy Graham, Barbara Hedrick, Harriet McAuley, Gladys McCain, Anita Williamson, and Shirley Willis.

A very interesting program was given by Doris Dunn, Faye Jenkins, and Ann McGirt on the "History of Mathematics." The big topic was divided into three sub-topics, and these were the beginning of Mathematics until 1636 presented by Doris Dunn, the history of mathematics from 1636 to 1800 given by Faye Jenkins, and the development of math during the nineteenth and twentieth centuries presented by Ann McGirt. These talks proved to be very interesting and informative.

The St. Cecelis Music Club had a business meeting at their last gathering. The major topic on the agenda was how to raise money. After much discussion, the members decided to try their hand at selling ham sandwiches. Marlene Jones was asked to be in charge. Delicious refreshments were served to the group at the close of the meeting. By the way, I hear they did quite well on their sale of ham sandwiches.

The International Relations Club members were in for a rare treat on Wednesday, February 25th at 4:40 p. m. This meeting, which was held in the right front parlor, proved to be one of the outstanding meetings of the year. The president, Joyce Sweat, presided over the meeting and the short business session. During this time an IRC pin was presented to Miss Carol Robertson who is the faculty sponsor for the club. The long awaited program then got underway. The speaker for the afternoon was Mr. Raymond Dawson, who is the professor of Social Science at Presbyterian Junior College in Maxton. I am sure everyone remembers the excellent talk Mr. Dawson made in chapel on the "United States Foreign Policy in Spain." The topic he chose for this meeting of the International Relations Club was very much on the same order. Mr. Dawson presented a very interesting and informative talk on some of the problems confronting the unification of Western Europe. This talk was enjoyed by all present at the meeting. A brief discussion followed.

The William Bartram Scientific Society met in the front parlor of the college on Tuesday, president, Doris Calloway, called the meeting to order.

A very interesting program was given by Virginia Owen on the development of antibiotic drugs. During the course of her talk, Virginia showed a cult of the penicillin mold. She proved through the use of an illustration the effect penicillin had on dis-

Seventeen girls were invited to join the William Bartram Scientific Society. These girls had made "B" and above on their science courses. The girls were: Nan Dorman, Gayla Griggs, Barbara Hedrick, Letty Hill, Shirley Hudgins, Mickey Jernigan, Mary McLean, Linda McNett, Hilda Phillips, Sara Sanders, Frances Shaw, Harriet McAuley, Nancy McLean, Ellen Williams, Ella Ruth McHeil, Geraldine Brown, and Marjorie Davis. The new members were taken in, and they signed the pledge. As part of the initiation, the new members were taken on a field trip through the garden.

Refreshments were then served to all members present.

## Calendar

- Mar. 2, Mon. 3:40-5:40 p. m. Basketball.  
6:40 p. m. Classical Club.  
7:30 p. m. Leadership School
- Mar. 3 Tues. 3:40-5:40 p. m. Basketball.  
8:15 p. m. Miss German's Recital Reception (informal)
- Mar. 4 Wed. Mar. 4, 10:20 a. m. Faculty Coffee.  
3:40-5:40 p. m. Basketball  
7:00 p. m. Faculty Meeting
- Mar. 5 Thurs. 3:00 p. m. Faculty Executive Committee
- Mar. 6, Fri. 4:40 p. m. St. Cecilia Club.
- Mar 9, Mon. 4:40 p. m. Writers Club.
- Mar. 10, Tues. 4:40 p. m. Highland Players

4:40 p. m. Spanish Club.
- Mar. 19, Thurs. 7:15 a. m. Breakfast (and lunch bags)  
8:00 a. m. Classes begin.  
12 M. 4th period ends  
3:00 p. m. Dormitory closes.
- Mar. 23, Mon. 3:00 p. m. Dormitory opens.
- Mar. 24, Tues. 7:30 a. m. Breakfast (first meal after Spring holidays.)  
8:20 a. m. Classes resume  
4:40 p. m. William Bartram Society
- Mar. 25, Wed. 10:20 a. m. Faculty Coffee.  
4:40 p. m. I. R. C.
- Mar. 26, Thurs. 3:00 p. m. Faculty Committee.
- Mar. 27, Fri. 4:40 p. m. Home Ec. Club.  
6:45 p. m. Societies
- Mar. 28, Sat. Hospitality week-end  
8:15 p. m. Barbara Hill's Recital Reception (informal)
- Mar. 30, Mon. 8:15 p. m. Recital Organ and Violin) Prof. and Mrs. Gehring-Davidson College.

Young Ez Tike's wife is a wonder—last year she knitted Ez a pair of socks out of an old bathing suit, and now she's knittin' herself a bathing suit out of one of those socks.

## Business Club News

The February meeting of the Business Student's Club was held on February 10 in the college parlors. Mr. Hector MacLean, Mayor of Lumberton, was the guest speaker, and he gave a very inspiring talk on his experience with secretaries and their work. An informal discussion followed his talk.

Members of the Business Department are delighted that four-year courses have been added to our curriculum. One can major in Business Education—either for teaching business subjects, or for secretarial administration. The curriculum has been planned according to certification requirements of the Department of Education of North Carolina. The new catalogue will carry full information regarding these courses.

The Business Department has recently sent a questionnaire to more than 100 former students experience. They are trying to find out what duties they perform in their work, the standards that are required by their employers, the machines most frequently used, and salaries paid in this area. Thus far, the returns have been good.

The engagements of former members of our department include Miss Mary Helen LaFrage of Fort Mill, South Carolina, who will be married on April 14 to Mr. Benjamin Seagle, of Charlotte; and Miss Gladys Bain who will be married to Mr. Alva Anthony Hunt.

## The Fashion Parade

Since my mother is employed as a buyer for women's stores, I have started regarding myself in a small way as a fashion authority. Mother receives the "news" and passes it to me.

Anything goes this year. Full skirts are narrowing, pastel colors are coming forward. White leads the fashion world.

The surprise look, which resembles the wrap-a-round, takes possession of the eye with its diagonal lines. It seems to have the advantage of easy stitching.

New materials interest me. Judging from the number of knife pleated skirts seen on campus, Loutte is a winner. Loutte is a mixture of 55% orlon and 45% wool. Men professors on campus still are at a disadvantage here, for Loutte for men is available only in a few stores which feature experimental lines. (Namely those members of Allied Arts, Inc.)

Loutte is available for sewing and costs about five dollars a yard. Riborlon, a knit fabric for coats, may be purchased for around ten dollars a yard. Riborlon is easily cleaned, and a coat made of it can be washed in warm suds in any washing machine. If you try to hand wash a coat, I recommend getting the help of at least one other person. It's a well-known fact on Vardell II that it takes two people to lift a wet orlon coat.

## DR. VARDELL

(Continued from Page 1)

and staff of the college, presented by President Woodson; from the Alumnae Association, presented by Mrs. Robert Chapman, vice-president of the association; from the student body, presented by Jean Sandifer, president; and from the St. Pauls alumnae, presented by Miss Della McGoogan.

Other special guests were Mr. and Mrs. J. E. Davidson, who were en route to their home in Hillburn, New York, from Florida, and now making a brief stay in Southern Pines. Davidson's father met Dr. Vardell and the late Mrs.

Vardell, in Florida 50 years ago, and was so impressed with them and what they told of the then struggling little Presbyterian college that he sent his own daughter down south to the school and influenced several other New York girls to come.

## Aunt Abigail's Atomic Advice

By CONNIE BOYKIN

Dear Aunt Abigail,

I want so badly to have friends, but people just don't seem to like to be around me. I'm always kidding people and I'm full of jokes. Can you advise me? What am I doing wrong?

Your desperately,  
Tact Less

Dear Tact,

Why don't you wear a dead pan expression and sling out some sarcasm? Maybe this will win some friends.

Yours,  
Aunt A.

Dear Aunt Aby,

I have a new car, a beautiful house with all modern conveniences, all the clothes I want, and my dad is a millionaire. The only thing I haven't got is friends. Please help me.

Sincerely,  
Hali Tosis

Dear Miss Tosis,

The best advice I can give you is—start using Ipana—

Yours,  
Aunt A.

Dear Aunt Aby,

My boy friend is going to school quite a long distance away. I miss him very much! How can I get him to write to me?

Yours truly,  
Fore Gotten

Dear F. G.,

You might try sending a box of self-addressed envelopes equipped with stamps. Also enclose a check for ten dollars just for effort.

Hope you hear from him soon,  
Aunt A.

Dear Aunt Abigail,

I am deeply in love with myself, but this doesn't worry me. My problem is how to get other people to love me as much as I do. Please advise me as to the right course to follow.

As always,  
Ilove Meso

Dear Miss Meso,

Maybe it would help if you were to stop going steady with

yourself and try living others. Remember the Golden Rule—  
"Love thy neighbor as thy self."  
Good luck—  
Aunt A.
