"Be Still and know ..."

"Crash, slam!" "Hey, everybody!" "Well, howdy, come on in and have a seat!" Such are the noises and loud exclamations heard in the halls at definitely the wrong times.

How can one "be still and know that I am God" amidst all the turmoil from eight to eight ten each week-day morning and from nine to ten thirty Sunday mornings?

Prayer band leaders who keep

their groups until the bell have asked that dormitories be kept quiet while they are worshipping on Thursday nights. Some prayer bands are adjourned before others and the members of those bands are asked to leave quietly and go to their rooms without necessary noise.

How about some co-operation from the students on the halls during these periods for worship and meditation!

To Give or Not to Give is the Question

Do you ever stop to think how much trouble you are to a boy before he takes you a formal dance? You are, you know. For one of the many questions that the boy has to ask himself and to worry over is the question of whether or not he should give his date flowers. If he does give her some, then what kind should he get and what color and how much should he put in them.

Flowers in these days and times are very expensive, and many boys do not have too much extra cash to spend on things like this. This money could be put to a better use. Then, too, there is the fact that if the boy is going on a blind date or if it is just a casual date do you not think that he could leave off the flowers for they cannot mean that much between the couple?

Flowers only last for a short time and are usually used only for being worn to church the date after the dance. Some flowers look bad even when you get them for sometimes the florist is not such a good arranger. Also there is the fact that some girls are not going to

have flowers and it makes those who don't have them feel bad.

Sometimes there is no place on an evening dress to put a corsage and the flowers can even be the wrong color, but the girl will have to wear them anyway. So why not just eliminate all of this and just let the boys not send flowers to their dates for dances?

New Baton Club Forms

The Baton Club is the newest club on FMC campus. It is not fully organized yet and does not plan to organize until after the Fall Festival. None of the officers have been elected yet but for the present Fay Buck is serving as chairman of the club.

So far there are about ten or twelve members. It is open to anyone who is interested in twirling or who wants to learn. The purpose of the club is not just a club for those who already know how to twirl but also for those who want to learn how to twirl.

Personality Chooses Double Major

By Gay Mothershed

Ambitious and industrious are hardly the words to describe anybody who has taken it upon herself to have two majors in college, yet that is just what our spotlight finds as it falls on today's "Personality Portrait". The one who is attracting the most attention and is the center of exclaim has chosen two majors, Bible and Christian Education along with Mathematics.

Excelling in practically everything she does, this pert young Senior Miss finds herself in much demand from every student at some time during the year.

is Math Honor Society Member

She is an outstanding member of the Mathematics Honor Society and was also the editor of THE SKIRL during her Junior year. At the present, we can see her almost anytime during the day (or night) running around school and town looking after the business details of the annual for she has the trust-worthy and time-consuming job of business manager for THE WHITE HEATHER.

Hailing from Reidsville, N. C., this bundle of energy was very concerned with the activities of Orange Presbytery and held the office of Moderator of the Presbytery's Senior High Fellowship during her Freshman and Sophomore years at FMC.

Works In Camp New Hope

Camp New Hope is a subject very dear to her heart because during the past summer she served counsellor for the Crippled Children's Camp.

If you don't know by now who this versatile, hard-working practical, energetic young Miss is, you would probably be able to recognize her by her laughter.

The infectious laugh of Kitye Oliver is certainly a distinctive characteristic of this honored member of the Senior Class and today we pause to praise in "Personality Portraits."

Guess Who!

Morgan Outstanding

On Thursday evening, Oct. 13, Mr. Edwin Morgan of Laurinburg was named the outstanding citizen of Scotland County. The Distinguished Service award was presented to Mr. Morgan by Dr. Jas G. Pate. Governor Luther Hodges was also present at the ceremonies.

Mr. Morgan was elected by the members of most of the county's civic, fraternal, and religious organizations. Mr. Mor-
