## Spiritual Enrichment Week To Be February 9 - 11

### Summer Job - Anyone? Good Electives To Be Offered Next Semester

Jobs, jobs, jobs! Who wants a job? Rather, who needs a job? Almost all college students find it necessary to do some kind of work during the summers—unless, of course, they're lucky and get to come to summer school!

There are numerous ways of obtaining a position for the summer. Two very important facts must be taken into consideration before exploring the possibilities. Are you working for money, or are you working for experience? (No further explanation needed—we all need one or the other and most of the time, both.) Sometimes in order to earn the money we need for college we cannot be too choosy in the type work we do. On the other hand, if we want experience in our field we oftentimes have to receive a much less salary than desired.

Now is the time to be deciding on a job and writing applications. At a recent W.F. Program Mr. Stephenson stated that the following are good resources for summer employment. At the college keep your eyes on the bulletin boards where information concerning camps, etc. is posted. The Guidance Center receives much literature which can be explored for possibilities. The various departments in the college receive definite information about jobs in your own field and there are usually good opportunities available through this resource. The church can give suggestions also from its various contacts. The United States and the state employment agency can be of great help as can commercial employment agencies, if you are careful in your choice. Many college students obtain positions through newspapers, local businessmen, and friends.

Recently you have heard much talk about summer work camps. If you are interested, you will receive a good booklet giving information about many various types of work camps by ordering from: Commission on Youth Service Projects, INVEST YOUR SUMMER, 475 Riverside Drive, 7th Floor, New York 27, N.Y. (25c). In most work camps there is no salary but you pay your own way. The experience which you will receive and the opportunity to serve your fellowman in this way will more than make up for the lack of monetary compensation.

Federal agencies employ college students for the summer in both professional and technical fields and as typists and stenographers. More information can

be received about available positions by applying to the U.S. Civil Service Commission, Washington 25, D.C. for jobs in Washington or to the civil-service regional offices in the area in which you wish to work.

Many camp jobs with various types of work involved are available almost anywhere you wish to go. The Camp Counselor Placement Service, Box 145, Tuxedo, N.C., places a number of students in different camps for the summer. If you're interested in Massanetta Springs, the Presbyterian conference grounds for the Synod of Virginia in Harrisonburg, Va., apply to: Joseph B. Clower, Box 56, Hampden-Sydney, Va. The same type of work is available at Montreat by applying to C. A. Stubbs, Montreat, N.C. You'd have a cool summer in both of these camps.

Resorts are profitable places to work. The work is demanding on time and energy but the pay is excellent in most cases. For information about the North Carolina resorts write to the N. C. Chamber of Commerce, Raleigh, N.C. You will find listed in many women's magazines the names and addresses of camps and resorts needing summer help.

If you want a job look into some of these possibilities and others. You'll have to look, 'cause they're not going to come looking for you!

### \$100 Award To Be Granted FMC Student

Would an award of \$100 help in managing your school expenses? With a little effort you could be the recipient. The Clan Donald Educational and Charitable Trust is offering to the students of Flora Macdonald an opportunity to compete for a \$100 prize to be awarded for the best paper relating to Scottish contributions to the development of North Carolina.

One of the purposes for which this trust was organized is granting awards, prizes, and fellowships to selected young Americans of Scottish descent however remote and of proven unusual ability to aid them educationally or to recognize meritorious scholastic achievement. It is the feeling of the Trustees of this organization that the essays should be judged by a committee of our faculty.

The deadline for entries has not been set yet but will be sometime in the spring.

With second semester here upon us, many of us are faced with choosing an elective, usually to compliment our main course of study. Maybe you are looking for something that fits in with past interests, or maybe you would like to strike out in some new field (that figure of speech isn't intended in the baseball sense!). From the office of the registrar came the following suggestions.

In the English department Mr. Johnson will be teaching a course, suspected to be his favorite to teach, Modern Drama. Miss Walker will offer American Literature of the Nineteenth Century, and Dr. Powell will have Advanced Grammar and Composition and Literature of the Victorian Period.

If there is sufficient demand, there is a chance that Studio Art will be taught by Mrs. Skinner. In this course one studies the elements and principles of art with emphasis upon individual creative experience.

Classical Civilization is a course often elected by Bible and English majors especially, but it is a good course for anyone wishing to fill what may be a gap in his studies.

Field Biology and Landscape Gardening are useful and interesting science courses, often chosen as electives.

From the business department come many useful courses which are practical for any major. A few of these are Beginning Typing, taught by Miss Stenhouse; Business Law, taught by Mr. Pierce; and Consumer Economics, taught by Miss McIntyre.

In the Home Economics Department Food Preparation and Meal Study, taught by Mrs. Currie, is a course often elected by juniors and seniors. The selection, purchase, and preparation of food and the planning and serving of meals are phases of study in this course planned for non-majors.

### Professor Williams Recital To Be Feb. 19

Mr. John E. Williams, professor of Organ, will present a faculty recital in the Flora Macdonald Auditorium at 8:15 p.m. on February 19. Mr. Williams' program is as follows:

- Concerto No. 8 in A Major, Handel
- Andante
- Allegro
- Bourree (Allegro)
- Suite — The Musical Clocks, Haydn
- I. Song of the Quail
- II. March

### Theme - "Show Proof Of Your Love"

"Show Proof of Your Love."

This is the theme of Spiritual Enrichment Week, which will be conducted February 9-11. It is hoped that insight will be gained into this theme, and that we can be helped in learning really how to live it. The Christian Association hopes that this time will be one of real spiritual enrichment, not a momentary thing.

The speaker for the week, Dr. Thomas A. Frye, is a graduate of Union Theological Seminary in Richmond, Virginia. There he received both the B. D. and Th. M. degrees. His former pastorates have included Red Springs, where he took a great interest in the college students. While in Bristol, Tennessee, where Marshall Robinette was a member of his congregation, the honorary degree of Doctor of Divinity was conferred upon Dr. Frye. Blackstone, Virginia, and Druid Hills Presbyterian Church, Atlanta, Georgia, where the Choral Club had an opportunity to meet Dr. Frye on last year's tour, are two of his former pastorates. Dr. Frye, with his wife and two sons, is now making his home in Dallas, Texas, where he is minister of the First Presbyterian Church.

Dr. Frye is a very dynamic and inspiring speaker. Once in one of his pastorates the time for election of elders had come. So on the Sunday of the election he preached on the qualifications and responsibilities of an elder. After the inspiring and thought provoking sermon, all of the men that had been nominated felt so unequal to the job of being an elder, that they withdrew. The election had to be postponed until Dr. Frye could meet with the men and talk to them.

The schedule for the three days has already been worked out. Each morning, February 9, 10, 11, there will be morning watch. Saturday's schedule will be observed with classes begin-

- III. Andantino
- IV. Minuet
- V. Minuet
- VI. Vivace
- Passacaglia and Fugue in C. Minor, Bach
- Intermission
- Tumult in the Praetorium, Maleingreau
- Weinachten (1914) Reger
- Pastorale (1909) Roger-Ducasse
- Song of Peace, Langlais
- Carillon de Westminster, Vierne

DR. THOMAS A. FRYE

ning at 8:00 a.m., and chapel time from 10:00 a.m. to 11:00 a.m.

On February 1, Dr. Frye will be entertained at an informal tea in the parlor from 2:45 to 3:45 p.m. This is a wonderful opportunity for the students to get better acquainted with Dr. Frye. Immediately after dinner, from 6:30 to 7:30 p.m. vespers will be held in the rotunda, after which discussion groups will meet in the dining room. The discussion leaders, which were selected from the student body, are Martha Stevenson, Margaret Ann Martin, Martha Perry, Linda Phillips, Alice Carol Huggins, Roberta Parker, Betty Ruth Barker, and Carolyn Whitley. Silent individual meditations will be in Watkins and the prayer chapel from 10:30 to 11:00 p.m. on February 9, 10, 11.

On February 10, 2:30 to 4:45 p.m. is reserved for anyone who would like to talk to Dr. Frye. A discussion of questions having been placed in a question box will take place from 4:45 to 5:45. At 7:30, while the students are in discussion groups, the faculty will be giving a tea for Dr. Frye. The townspeople of Red Springs are invited to attend.

### VESPER SERVICES FEB. 11

On February 11, vespers will be held in the auditorium. Immediately after vespers, a communion service in the rotunda will formally close the week.

The CA will conduct chapel on February 12. This will be the beginning of a continuous follow-up for the rest of the year. It is hoped that this special emphasis on love will make each student more and more aware of his responsibilities and duties as a Christian and that his life may truly show proof of his love day by day.
