**ATHLETIC SEASON
TICKETS GO ON SALE
FOR ALUMNI**

A real treat is in store for the purchasers of the season tickets that are being offered here for the first time. The tickets that may be purchased for \$10.00 will permit the holder to attend the football, basketball, and baseball games for the 1951-52 season. We would only have to reason momentarily to realize the great saving that would be made. And even if we did not attend all of these games we would be helping to maintain our teams. The financial burden incurred in "keeping up" a well equipped team is certainly far out of proportion to our usual funds. Let us make our teams confident and courageous, but best of all—the VICTORS.

Conversation between two coeds:
"Certainly was a cute fellow you were with. Where'd he hail from?"
"A 1951 convertible."

A flabbergasted mistress of ceremonies who had lost her notes once introduced Cornelia Otis Skinner thus:
"Because of the exorbitant price of Rear Admiral Byrd, we have with us this evening Cornelia Otis Skinner."

MR. TAYLOR E. JONES
Registrar and Director of the 1951 Summer Session

During the war, Joseph (Ducky) Medwick, former St. Louis Cardinal outfielder, visited the Vatican with a group of service men who had been granted an audience. As each man approached him, the Pope asked the visitor his vocation in civilian life. When Medwick's turn came, he stepped forward and said, "Your Holiness, I'm Joseph Medwick. I, too, used to be a Cardinal."
