

Student To Represent Virginia 4-H

Miss Armelia Jane Herndon, a freshman student at Elizabeth City State University, has been selected to represent the Virginia 4-H Clubs at the North Eastern Poultry Production Cooperation, in Atlantic City, New Jersey. The convention is scheduled for October 12-14, and will place her in competition against Ronald Romesburg of Berlin, Pennsylvania.

Daughter of Mr. and Mrs. Vance Herndon, Armelia has been associated with the 4-H Club since she was in the fifth grade. Her continued interest and participation in the Poultry Marketing Projects naturally led to the selection.

A Blue Ribbon winner at the state 4-H convention, at Virginia Polytechnic Institute, during the summer, Armelia was tabbed a 4-H All-Star with her demonstration on how to buy eggs. Earlier projects which provided valuable experience were centered around how to grade eggs and how to cook barbecue chicken.

Armelia, who blows a clarinet in the 130-piece ECSU marching band, is an elementary education major. A native of Rustburg, Virginia, she is an honor graduate of the former Campbell County High School.

Senior Class Officers On The Move

The moving van just moved out ECSU's old Senior class officers, and moved in it's new. The students were waiting impatiently to see who would take the seats of the old class officers.

The door slowly opened to reveal a man whose ability is as rich as his name, Golden Webb, the new President of the Senior Class.

Immediately following Mr. Webb was his Vice-

President, Bill Reid, whose leadership can only be surpassed by his ability to cope with people and problems.

Standing in front of the van with a pan in the hand stood Secretary Barbara Curtis. At her side stood her faithful assistant Alice Little. Lucy Hargrove holds the position of Treasurer.

Well, I think it is understandable why we don't see the Reporters, be-

cause Lillian Riggs and Otassa Lacy are already busy getting the news. With the knowledge of rules and order, Anthony Russel will serve the Senior Class as its Parliamentarian.

REGIONAL CONFERENCE COLLEGE UNIONS

Representatives from Elizabeth City State University attended the regional conference of the Association of College Unions - International which was held at the University of Kentucky, Lexington, Kentucky on October 5, 6 and 7. They attended seminars and workshops to discuss the cultural, social, recreational, and educational programs provided by college unions in their area.

Over 50 colleges and universities from Kentucky, North Carolina, South Carolina, Tennessee, and Virginia were represented. The main speaker at the conference was Mr. Robert A. Alexander, president of the national organization. Mr. Alexander is director of the Guy S. Millberry Union, University of California Medical Center, San Francisco, California.

The Association, founded in 1914, is officially

represented on over 850 campuses throughout the world. The purpose of the Association is to provide an opportunity for unions to join in studying and improving their services, and to assist in the development of new college unions. The college union on each campus is regarded as an integral part of the total educational program of the institution. It is the center of the campus for cultural, social, recreational, and educational activity.

Representing Elizabeth City State University were Miss Lutricia Lynch, Vice-president of the Student Center, Miss Vickie Lawson, Chairman of the Hospitality Committee, Mr. Herbert Davis, Chairman of the Recreational Committee, Mr. Jimmie Coples, Member of the Forum Committee, William Gaines, Co-Chairman, Publicity Committee; and Mr. Paul McClinton, Director of The University Center.

The Prayers We Say

By CAROL M. MCKIVER

The prayers we say for others are often heard, heard through all of the emotion and sincerity one may give.

The answer will come maybe not the time we think, But it is the urgency of the soul that send prayers where they belong. The prayers we say for others.

The prayers we say for the world are the prayers men say in their own language in their own way and time. It is the possible approach to the transcendental search of every man. Man

conceived in the essence of purity pleads for his destiny and has become hostile to the world that has become his creator. How horrid some things we think and believe because of the world but the prayers we say we surrender to thee. Oh, the prayers we say.

The most selfish prayers we say are the prayers we say for ourselves. Through all the tears, anxiety, depression and soul searching somehow we still believe. "If there were not a God it would be necessary for us to invent one." The prayers we say take us on a journey to the stars.
