I imagine you will look very fine in these styles if you choose them correctly and if you wear ments.

The most important factor in choosing your clothing is to choose according to how you are built. If you are a tall slender person then you should choose full or semi full skirts, prints and plaids. If you are short then you should choose solid colors and straight skirts. If you are slightly plump then you choose the slim skirt and straight stripes. Girls, these are just a few hints for you to remember when you go to buy your new summer wardrobe.

#### Deltas Come Through

After thirteen long months of getting autographs, speaking five and six times a day to twenty big Sisters, obeying orders, and attending meetings, ten Barbarians of the Delta Sigma Theta Sorority pledge group at last became united into the great sisterhood. They all became Deltas Saturday, April 6, here at the home of Mrs. Gloria Durhen.

"I always wanted to know how it felt to be a Delta," said neophyte Linda Hairston, "and now I know." Hairston made this statement soon after realizing

she had "made it over." "I just couldn't believe everything was finished," said neo-phyte Elena Jones, "I had a feeling that there was more"!

The Barbarians had a very colorful line. All week the weather proved favorable. They were introduced on Monday wearing white formal gowns. The Barbarians' attire for the ga chapter during the school meet with the young women of week included red suits, white year. suits, cowgirl outfits, and an outthers, the Omegas.

"We are now Deltas, ready to fulfill the sorority's objectives," said neophyte Lorese Hines.
