

HOUSING

(Continued from Page 1)

many students returned in need of adequate campus housing. Also, unlike many schools, WSSU accepted students who wanted an education and did not turn them away because of a housing shortage.

The students of WSSU are witnesses of the tremendous growth of the university and as future educators, must not see overcrowding as an inconvenience, but as a growing interest of education among the Black people.

It is believed by some that lack of university funds is a major factor in the causes of housing shortage, but this belief is untrue. In fact, the university has available funds for the expansion of the campus, and it is in preliminary planning stages of several projects of expansion including a dormitory for 250 students.

There are many reasons for the present problem of too many students, but all of them cannot be listed or discussed due to the conservation of space; therefore, if there are any questions about the increase of the student body or any school-related matters, the Director of Student Affairs is willing to discuss any available information with any concerned person.

Gamma Lambda Sends Delegates

During the week of July 28 through August 2, the Alpha Kappa Alpha Sorority held its 46th biennial convention at the Fontainebleau Hotel, Miami Beach, Florida. Catherine Dowdy, Trudy Stafford, Rubie Gibson and Paula Williams represented Gamma Lambda. Also attending were Brenda Cooper and Linda Washington, a 1973 graduate of Winston-Salem State University.

The convention theme was "Black Economic Development Alpha Kappa Alpha's Commitment." Over 2,000 sorors representing chapters from across the nation attended the six days of business meetings and lectures. Various speakers during the convention included, John H. Johnson, president of Johnson Publications Inc., George E. Johnson, president of Johnson's Products Company, and our very own Dr. Joseph Patterson.

The convention closed Friday evening with the traditional Alpha Kappa Alpha Banquet.

At the convention, Mrs. Barbara K. Phillips, a former member of the Gamma Lambda chapter and presently a member of Phi Omega, the graduate chapter in Winston-Salem, was elected First Supreme Anti-Basileus. This is the second highest national office of Alpha Kappa Alpha.

DSA NEWS

One of the Day Student's major social events for the year is Red and White Day which is November 8, 1974. We are asking all clubs and organizations to lend us your support by planning now how your group will perform. We will have cash \$ \$ \$ prizes for first, second and third places. The Day Student's year begins with a pep rally and the Day Student Queen Contest. The contest began September 18, and will end October 2.

Clubs and organizations, the deadline

"I asked the lady in Brown Hall for a room and she sent me over here!"

Poli-Sci Club Formed

The first organizational meeting of the Political Science club was held September 12, 1974. Twenty-four poli-sci majors met and elected officers. A committee was also formed to write a constitution for the club.

The officers elected were as follows:  
 President Ernest Dover  
 Vice-President Clayton Scott  
 Secretary Lossie Davis  
 Treasurer Emme Andrews  
 Parliamentarian Roman Blount

Any Political Science major who has not as of yet joined the club, is urged to attend the next meeting. Meetings will be on the first and third Tuesday of every month.

(Answers to Genia's Jumbles)

FINANCIAL AID  
 (Continued from Page 1)

funding for approximately 80% of that money. Therefore, as the result the institution is suffering. It was specified in the request for funds that an enrollment increase was anticipated due to intensified recruitment efforts being made and because of the increase in drawing power from community and junior colleges in the state.

Such information will be used to document the request for funds for the operation of the financial aid program for the 1975-76 school year. Hopefully the statistics presented on the subject will receive a more favorable reaction than in the past, although it is a bit too late for the 266 applicants that requested assistance this year and were not able to receive any.

At present the Financial Aid Office is examining awards and financial assistance which totaled over the \$1,408.00, the basic cost for in-state students and \$2,770.00, the basic cost for out-of-state students. Students with such discrepancies will be notified of adjustments in their awards in an effort to give financial assistance to those students who did not receive any. All students are asked to cooperate with the Financial Aid Office in their efforts.
