

Dinner on the campus green is always enjoyed by students and guests, and this group was among the first in line during "Spring Fest" week when the picnic was served in warm, spring weather. Other picnics, and dinners on the campus green, are being scheduled for the next academic year, especially for Homecoming '93, scheduled in October.

Last junior college graduation ceremonies

Professor Sissy Eakin (above) holds the college mace after being receiving the coveted teaching award as Dr. Kenneth Wolfskill looks on. (See Page 1)

Many special guests were on campus for the graduation exercises. Lillian Dixon, left, and her twin sister, Gail, hold their twin nieces, Sarah and Erin Johns of Richmond. Other family members were also present to see Lillian receive her associate degree.
