## Upchurch to lead Chowan tennis team.

This year Chowan has the potential for another great tennis team. Coach Sam Green already has many of the freshmen prospects hitting the courts as often as possible. Only two returning players are here this year and they are Grant Upchurch, "Red", and Harry Gray. Upchurch played the number one spot last year, and if he plays as well as he says he can, he'll be number one in the conference this year.

Gray played the number two spot last year and from all reports will be giving Upchurch a battle for the number one spot on the team this year.

Gray is also one of the outstanding basketball stars that play for Chowan.

There are several freshmen on campus this year who are playing fair tennis now, and with a whole winter ahead to practice, plus the return of our number one and two players, should provide a top notch tennis team for Chowan this spring.

All male students who are interested in playing on the tennis team this year should be on the courts at least three times a week. If you are any good at all you can rest assured that you will be noticed by Coach Green.

## Freshman class elects officers

Chowan's freshman class has announced the results of an election for class officers.

Elected as president for the academic year is Benjamin Gibson "Gibby" Thrift, Jr., of Greensboro. Serving with Gibby will be Steve Asia, Littleton, N. C., vice-president; Mary Ritchie, Asheboro, N. C., secretary; Lonnie Ray "Pete" Sykes, treasurer.

The freshmen named Susan Kirkland as female social chairman and Ollie Bradshaw as male social chairman.

"What's that now, Susan?"

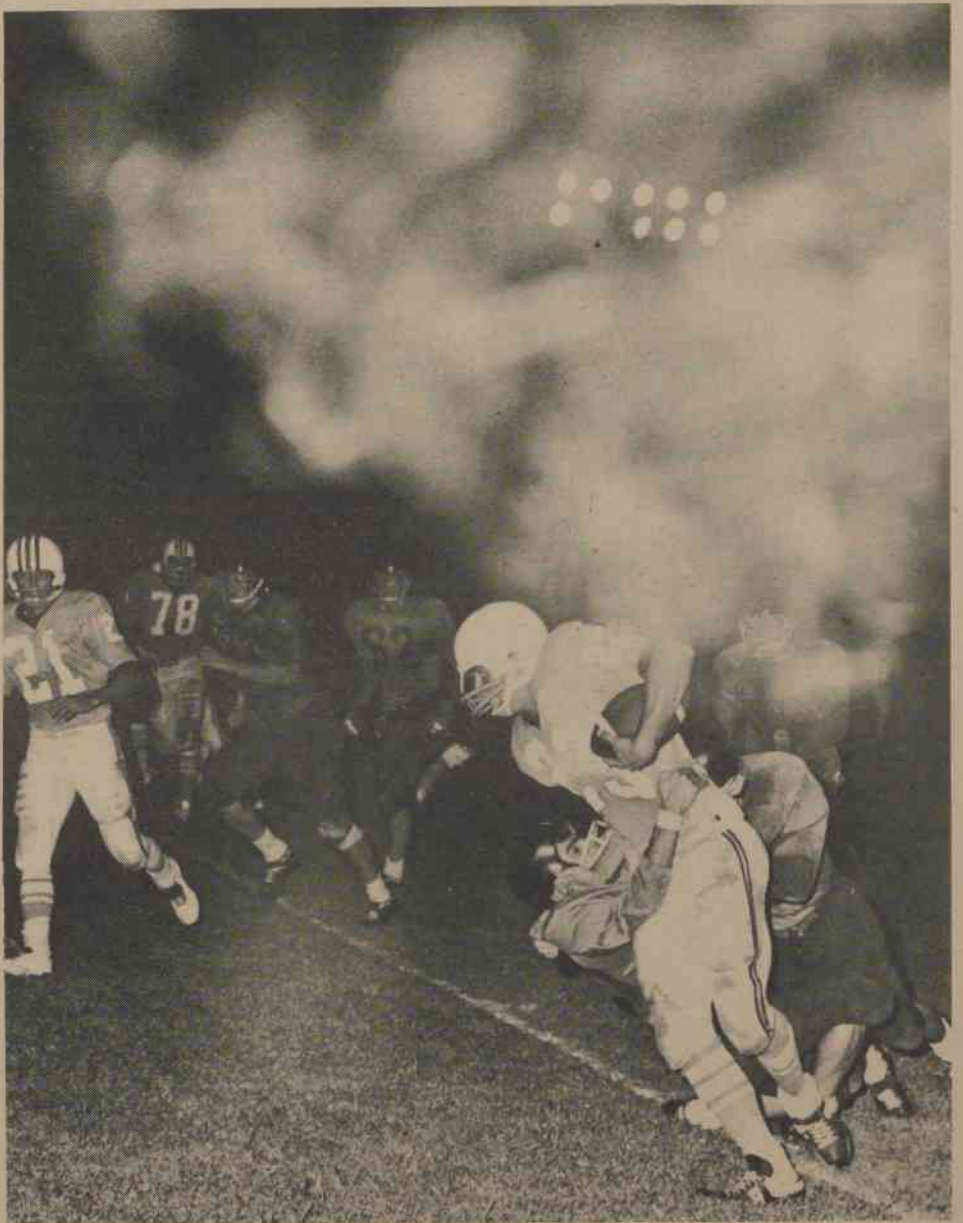

Cheerleader Susan Jean Sturtevant of Dayton, Ohio, with arms behind head, was caught by the photographer in this unusual pose as Chowan's cheerleaders were talking during halftime last Saturday night. In the extreme lower left is Joe Ward, father of co-captain Andy Ward. Andy's parents drove from Mebane for the game.

## A moment of glory for Braves during a sad evening

Chowan's Braves suffered their second defeat of the season at the hands of the powerful Red Devils from Baltimore College on Sept. 21, but not before the Braves' Bradshaw, 34, slashed through for 6 points. Watching the tally is Charles Groves, 81.

## Braves "catch fire" for stunning victory

Chowan's Carroll Hart, 23, breaks a tackle and races for the Braves' first touchdown against the Catamounts of West Virginia as Chowan "catches fire" to demolish the visitors 48-13. There is really not a fire on the field. The apparent smoke is not really smoke, and the photographer will "never tell" how this unusual shot was accomplished.
