

William Brown... offensive giant for Braves

Six footer plays like a giant for Braves

By SPEEDY SKINNER

"Willie is the best offensive player I've ever coached," said Coach William Brown. Willie is a top ball handler and this "offensive giant" is setting a new school scoring record. He is well on his way with a 26.1 points per game average for the first 12 games. Willie is ranked second in our region with a total of 313 points and is ranked first in the Cavalier-Tar Heel Conference. Brown's speed and agility thrills fans wherever he goes. He has the uncommon ability to shoot well despite being guarded by taller opponents. Although only 5'10", Brown has developed his moves to such a great extent he has no trouble getting off his shot. Willie, from Mt. Vernon, N. Y., is one of the finest players Chohan has ever seen, and the title "giant" fits him like no other title can.

Fiore Braves sparkplug for offensive cage play

By SPEEDY SKINNER

In 1966, Louis Fiore graduated from Hazelton High, Hazelton, Pa. The following fall he entered Frederick Military Academy and in the fall of 1967 he entered Chowan.

Louie is a pre-education major here at Chowan and would eventually like to be a teacher-coach and coach basketball. At the present time he is not sure of what school he will attend in the fall, but he is sure he will go somewhere he can play the best ball.

Louie is the Braves' "spark plug." He makes the team click through his play making and leadership. He is instrumental in getting the Braves' fast break moving and his ball hawking ability has pulled the Braves through some tough situations. Fiore's speed and hustle ignites the Braves' offense, but his real asset to the team is numerous assists by hitting his open teammates. Louie, "with eyes in the back of his head," is essential to the success of the team. He leads the team in assists with a 13.4 average per game, with his best game being played this year against Mr. Olive. He scored

21 points, had 8 rebounds and made 16 assists.

Louie is very optimistic about the Conference Tournament, scheduled to be played at the College of Albermarle March 25-27. He says, "we will win the tournament, without a doubt!"

The Smoke Signals staff wishes Louie and the team the best of luck.

Record rebounder

By SPEEDY SKINNER

Harry Flipping, the Cavalier-Tar Heel Conference's shortest center, leads the conference in rebounds. Flipping, of Waynesboro, Va., is a deceiving 6'2", 170 pounder. Coach McCraw said, "Flipping is the best rebounder I have ever seen for his height."

Flip has outstanding jumping ability and great timing. He is an aggressive ball player and leads the conference in rebounding with an 18.1 average per game for the first 13 games. In our region he is ranked number one among all the schools. Flip has grabbed 237 rebounds in 13 games.

Todd McConnell is ranked second on the team with 13.4 per game, and William Brown is third with a 13.0 per game average.

Braves win eight games in a row

By SPEEDY SKINNER

Last Saturday night, February 15, the Braves cage team snapped Ferrum's home court winning streak at 51. The Braves played well together and deserved the win. Willie Brown was high scorer with 30 points and 15 rebounds. Harry Flipping scored 20 points and had 20 rebounds against a much taller team.

The final score at Ferrum was Chowan 81 - Ferrum 79. It was a close hard-fought game all the way to the wire. The team played excellently together.

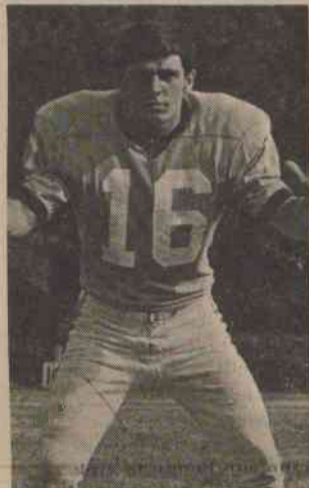

The Smoke Signal staff congratulates the team on a big win. Team, we want number nine and 10 and the conference tournament.

The scores are as follows:
M. Bennett 8
B. Brown 5
W. Brown 30
L. Fiore 6
H. Flipping 20
H. Gray 6
T. McConnell 6

Named to all-district team

Tony Maglione, right, was the only Braves player to make the All-District team and the first team in the All-Cavalier Tar Heel Conference as split end. Andy Ward, left, was co-captain of the 1968-69 Braves.

It was a great experience for everyone

Students of Chowan's Department of Graphic Arts visited the Union Camp, Inc., paper mill in Franklin, Va., recently to see paper-making process. Here a group of GA

students appear dwarfed as they stand beside one of five huge paper-making machines at the Franklin mill.
