

Committee Hears Requests of Students

The Cafeteria Committee met Friday, November 5, 1976 with the following members present: Ben Sufton, Chairman, Danny Deskins, Food Service Director, Dean Roy Winslow, Mrs. Alice Vann, Professor Bill Sowell, Mrs. Sarah Wright, Dean Pullen-Mixon and Columns, Ray King-East Hall, Mary Jean Ranson-Jenkins Hall and Carol Neidig-Belk Hall.

Mr. Sutton called the meeting to order and purposes of the Committee were reviewed for the members. He suggested that the students serve as liaison between students in their dormitories and cafeteria management. He stated that opinions and ideas are welcomed both by the Committee and the cafeteria staff.

The Committee agreed to meet at 10:00 a. m. on the first Friday of each month, and agreed to publish the minutes in the Smoke Signals. It was suggested that the editor of the Smoke

Signals should be invited to attend the meetings.

The following recommendations were considered: In an answer to a question raised by Carol Neidig, Mr. Deskins replied that tea bags are available to students, but cannot be left in the dining hall as previously since they are carried out by the students. They are available, but must be requested from the ladies in the serving line.

A request was made that increased staff be available in the snackbar from 9:00 to 11:00 and at lunch hours. Mr. Deskins said that he would comply with this request.

It was requested that grits and oatmeal be served each morning and Mr. Deskins agreed to do this.

A question was asked about the schedule of breakfast meats, and Mr. Deskins said that we serve meat every other morning.

A question was asked about why soft

drinks sometimes are "flat" and Mr. Deskins suggested that when this occurs students should call this to his attention or to that of Mr. Burnette. The problem may be corrected immediately when they are informed of it.

Various menu items were discussed, and in general the students seemed pleased with the rotation.

Suggestions were requested from students about the type of highlight dinner to be served before Thanksgiving and Christmas. Possibilities include the traditional turkey dinner, a buffet style meal, a steamship round. Mr. Deskins informed the group that he plans to serve steaks at least once a month.

Mrs. Vann reported that the two Police Women who were guests of the college recently were very complimentary of the meals they enjoyed in the cafeteria. Some of the student members complimented Mr. Deskins as

well. Moreover, they expressed appreciation for the fact that he has added soup to the noon meal.

Mr. Deskins and Mr. Sutton agreed to investigate the possibility of a soft ice cream machine for use on the serving lines.

There seems to be less line breaking than we have experienced in the past, and students seem to be removing their soiled dishes and trays from the tables and carrying them to the pass-through window better than in the past. Mr. Deskins pointed out that when students cooperate in this manner it cuts down on labor costs and gives him more money to invest in special treats for students.

The student committee members were invited to bring with them a freshman who will serve the balance of this year and next year on the Committee.

Sophomores Susan Ferebee, left, of Camden and Jo Ann Light of Mechanicsville, Va., served as co-captains on the women's volleyball team which captured third place in the North Carolina Junior College State Tournament at Duke University. Holding the trophy is Coach Janet Collins, who reported the team ended play with a 7-11 record. Most of the games were against senior colleges. Mrs. Collins said the Lady Braves played well against Peace College in the tournament game for second place. The Lady Braves won the second game and made a close contest for the deciding game before losing, 16-14. The tournament was won by Louisburg.

Schedule of Intermurals

AMERICAN

- GP - Crabs
- 1P - Kings
- 2P - Wildmen
- 3P - Derelicts
- 4P - Hell Raisers
- 5P - TBNL

Registration Woes

By Ed Moore

Registration at Chowan is probable one of the most frightening experiences anyone could possibly imagine. It is like stepping into another dimension containing vast quantities of mass confusion, nervous break downs and sheer frustrations, all which finally progress to tendencies of a psychopathic killer.

Extensive research on the part of prominent local psychiatrists or shinks, (Use the word your I.Q. allows you to understand) has shown that Chowan Registration deteriorates the mind. (Judging by some of the people around here, they know what they were talking about.) Several of them have already petitioned congress to dispose of this form of cruel and unusual punishment.

Also, the registration process is physically exhausting, since it requires numerous trips from one station to another, and up and down stairs at increased rate of speed. During these activities the rate of heart-beat increases blood pressure rises and tempers boil.

While each effect on the human body, either mentally or physically, are tragic alone, combined they create a disturbance similar to behavior of Froglokies.

If you don't understand that, it means simply, "Riot with Reason" and has the characteristics of animal warfare. It seems we were lucky last time out, as far as fatalities are concerned. But ever though there were no injuries, five students have been reported missing in action.

What has been presented here is a brief view of disadvantage in registration. But there's more to it than that. In fact, after you've gotten over the initial shock, you'll realize that registration has something for everybody depending on how derailed they are. Also NBC has confirmed plans to include an activity called "Registration Adventure," (based on our own), on next season's edition of "Almost Anything Goes

John Murray, director of programs for CADA in Murfreesboro, receives a check for \$55 from Kathie McKnight, treasurer, and Dr. John Gosnell, sponsor, raised by the Sociology Club for needy families at Christmas time.

How much change does our American Economic System need: A lot? A little? None?

The more we all know about our system and how it works the better we can decide what to preserve, what to change in the years ahead. That's why this special booklet has been prepared. Every American ought to know what it says. For a free copy, write: "Economics," Pueblo, Colorado 81009

The American Economic System.
