Use Knowledge from Sports In Later Life, Rein Advises

Chowan College's fall sports teams were challenged by the nation's youngest major college football coach to transfer what they had learned in athletic competition to their future

Bo Rein, head football coach at North Carolina State University, addressed Chowan's annual fall sports banquet Dec. 8 in Thomas Cafeteria. "Build on what you have learned on the football field or in the gym for what you do later in life." Rein told the large audience. "I challenge you to apply it to your future daily lives. If you do, you'll be a better person for it."

Chowan's football, volleyball and cross-country teams were honored, and the cheerleading squad recognized.

Rein also warned that the youngsters should be taught "the right way to go by us oldsters.
