True

Life it's such an unpredictable thing
You learn something one day
The whole meaning changes the next

You fall in love then fall out
Pick the pieces up, then do it again
Like a chain of heartaches
That will never end

Why not have a love that could never hurt
One that will support you
Whatever you do
Never unfaithful, but just plain true

Whenever things start out
They are thought of as one
Though it could never be true
For you live for you, not only one

So why be unhappy trying to be one
Live for yourself
And the one will be two
And forever be true.

Sarah Blakeslee Exhibition

by Jane Paffe and Carolyn Schaefer

Sara Blakeslee Speight was born January 13, 1912 in Evanston, Illinois. She came to North Carolina about 12 years ago and is known here for her portraits of children. Her work also shows competence in varying mediums such as still lifes, landscapes, and interiors. She is the wife of the landscape painter Francis Speight, has two children, and is an art teacher. She began studying art at the age of 13, moving from institutes to universities.

This exhibit is one that should not be missed. Her warmth and expertise are shown and felt in all of her works.

Best Friends

We're all best friends,
We shared everything.
We laughed,
We cried,
We fought,
But most important...
We talked.
Talked about each others problems,
Talked about funny things,
and the sad things too.
Even when we were silent,
we were still talking together.
Then suddenly we're apart,
Everyone went their...

own way.
We all write to keep in touch,
But still that doesn't help much.
It all happened at Chowan,
That's where we all met.
We all grew together, the five of us,
into a special friendship.
We're all sad that we're apart,
but we all keep each other in heart.
It's all because our friendship
is a special one,
all because...

We're...

The ASVAB Is Coming

The Armed Services Vocational Aptitude Battery (ASVAB) is a paper and pencil test provided at no cost to you by the Armed Services. It provides you with both academic and occupational scores. The ASVAB consists of 10 short tests which cover the areas of General Science, Arithmetic Reasoning, Word Knowledge, Paragraph Comprehension, Numerical Operations, Coding Speed, Auto and Shop Information, Mathematics Knowledge, Mechanical Comprehension, and Electronics Information.

If you took this test in high school, you can

take it again. This, in no way, obligates you to the military services. The scores received on the ASVAB can be used to qualify for military enlistment for up to two years.

The ASVAB is the most widely used aptitude test in schools today. The results can be used for both military and civilian career explorations.

The student will be sent a copy of his/her scores and can then use the Career Guide found in the Chowan Career Center (basement of Columns Building) to study the opportunities available to them.

SGA Activities

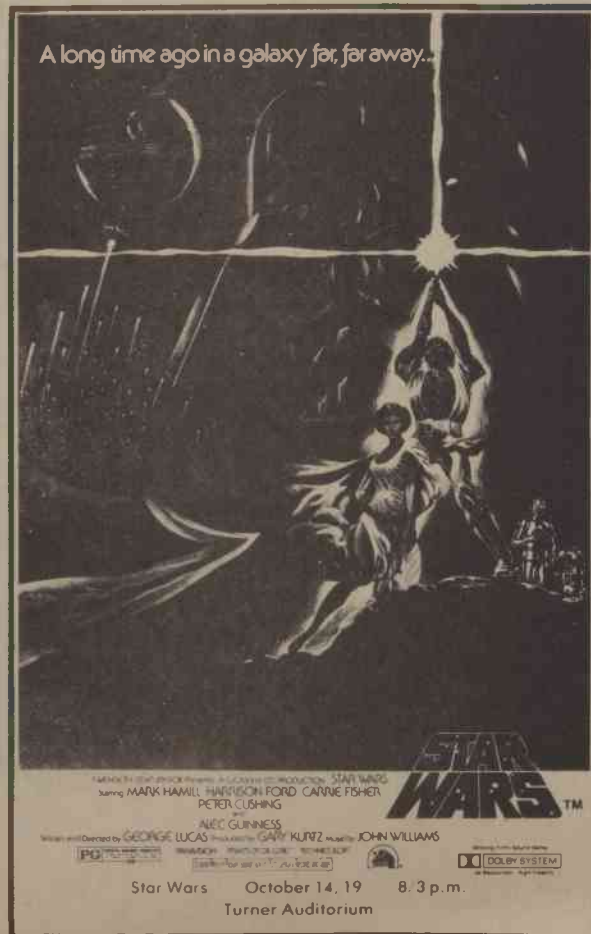

This year the Student Government works as well as the hopes of maybe a day trip to Virginia Beach. Also the SGA is sponsoring a powder puff, the haunted traditional bonfire, parade, pizza party, house, and the faculty-student basketball game.

The meetings for SGA are, October 13, November 3 and 17, and December 1. If you have any questions or would like to become involved in SGA, contact Dr. Davis, Pam Riddle, or Mike Fisher at the Lakeside Student Center.

The SGA also has movies planned for every weekend except the weekend of the play. A Kings Dominion trip is in the
