Paar's Show Goes On Without Paar

NEW YORK AP — The Jack Paar television show went on the air Monday night—without Paar but with some quips by author Alexander King that brought a few gasps from the audience. Paar and his wife, Miriam, left their Bronxville, N. Y., home Monday for a vacation. The comedian had said he was going to South America or Mexico. His agent would say only that Paar was headed toward "a warm climate."

The comedian walked off his show Thursday night. He protested the censorship of a joke by the National Broadcasting Co. from his taped show of the previous night.

Paar said then he would not return to the show, but he has cooled off a little since and said he hopes he doesn't have to return to the show. He remains under contract to NBC.

King, who appeared often with Paar on the program, talked at length about censorship. NBC allowed the entire program on the air as taped, including King's comments.

The author said he would not appear on the show again without Paar.

Eisenhower's Seven-Point Civil Rights Bill Killed

WASHINGTON AP — A Southern Democrat today blocked a move to force the Eisenhower administration's seven-point civil rights legislation out of the Senate Judiciary Committee.

A motion to report the bill to the Senate was made by Sen. Kenneth B. Keating R-NY—but not until the Senate itself was already in session.

Sen. Olin D. Johnson D-SC objected that the motion was out of order since the committee did not have permission to be sitting while the Senate was meeting.

Johnson's point was upheld by Sen. James O. Eastland D-Miss, the committee chairman.

It was just another bit of jockeying over the whole civil rights issue which has the Senate embroiled in controversy.

Across the Capitol, meantime, the House Rules Committee resumed hearings on a relatively mild civil rights bill. Rep. Wil-

liam M. Tuck D-Va took the witness chair to declare there is no need for any legislation.

Tuck, a former governor, said 100,000 Negroes are qualified to vote in Virginia and no effort is made to prevent them from voting.

The relationship between white people and Negroes in Virginia, he said, is good.

"Just let us alone," he added. Despite the absence of a bill as such, the civil rights issue is on the Senate floor through proposed amendments to an unrelated bill.

And Sens. Jacob K. Javits R-NY and Paul Douglas D-Ill announced they will offer an omnibus proposal including provisions for presidentially appointed voting registrars and court appointed voting referees.

Their proposal also would include authorization for the attorney general to intervene in civil suits involving civil rights cases.

With no civil rights measure approved by committee and with no House-passed bill available, Senate Democratic Leader Lyndon B. Johnson of Texas got the issue before the Senate by a parliamentary maneuver Monday.

Unknown Object Spotted Over Alaska Sunday

ANCHORAGE, Alaska (AP) — A silvery object flashed through western Alaska skies late Sunday belching flames and leaving a dozen unanswered questions in its wake.

Was it a jet plane? If so, whose? Was it an unidentified flying object?

The Alaska Air Command hopes to come up with some of the answers today.

The flame-belching object was reported by several persons from Nome to St. Michael about 150 miles away. They said it appeared from the direction of Siberia and hurtled southeasterly.

The reports were conflicting, said Maj. Roy E. Haines, public information officer at Elmendorf Air Force Base.

"Some had it low and slow. Some had it high and fast," he said.

Asplkesman for the North American Air Defense Command at Colorado Springs said the agency had no report on the object.

"If it were an 'unknown,' we certainly would have a report on it."

Campbell Student Dies of Carbon Monoxide Gas

RUIES CREEK, N. C. AP — A Campbell College freshman who was found dead Sunday in his room died from carbon monoxide poisoning, Harnett County Coroner R. L. Pate reported Monday night.

He said James R. Pruden, 19, of Washington, D. C., was sleeping in a small room with little ventilation and that the youth's head was about three feet from a bottled gas heater.

It was first believed that Pruden had died of a heart attack. He was the son of Dr. Edward Hughes Pruden, pastor of the First Baptist Church of Washington.

Mikoyan Says Subs Are not Russian

OSLO AP — Soviet First Deputy Prime Minister Anastas Mikoyan today denied that unidentified submarines reported operating in Argentine waters are Russian.

Mikoyan implied that speculation that the submarines are Russian is aimed at slandering Russia's "peace-loving" policy.

The Soviet embassy in Buenos Aires already has denied that the mystery submarine or submarines which the Argentine navy is trying to capture in a gulf on the south Argentine coast in Russian.

Eisenhower Asks for Large Sum In Foreign Aid Appropriations

WASHINGTON AP—President Eisenhower asked Congress today for \$4,175,000,000 in new foreign aid funds to safeguard the free world against the "enormous power bloc of Communist imperialism."

The mutual security program is essential to world progress in freedom, he said in a special message to Congress.

The sum, nearly a billion dollars more than Congress voted last year, would be split up in this

way: Two billion dollars for weapons aid to allies and \$2,175,000,000 for economic and technical assistance.

In appealing to the legislators to avoid drastic cuts in the program, Eisenhower mentioned his 11-nation December goodwill tour to Asia, the Middle East and Europe.

"My recent travels impressed upon me even more strongly the fact that free men everywhere look to us, not with envy or malice but with hope and confidence that we will in the future, as in the past, be in the vanguard of those who believe in and will defend the right of the individual to enjoy the fruits of his labor in peace and in freedom," he said.

Attempts Made to Check Polio Orally

MIAMI, Fla. AP — The nation's pioneer mass attempt to check polio through oral vaccine is on here under the interested eye of the vaccine's originator.

Dr. Harold Cox, who developed the cherry-flavored potion to supplant inoculations, praised the program's public opening in the Greater Miami area.

"Although one million people have taken the vaccine already," he said, "saving the life of one American will make more of an impression than saving the lives of a million Russians. That is why we think the Dade County program is so important." A similar type vaccine is being used in the Soviet Union.

Cox flew here from New York for the start Monday of Greater Miami's oral vaccine program. About 7,000 persons drank the vaccine dose—two cubic centimeters of a pink fluid—at several civic centers and clinics. Health officials hope to swell the number to half a million to provide a basis for studying the vaccine's effectiveness next fall.

Four Killed in Blazing Home

ROME, N. Y. AP — A cab driver and his three young sons burned to death when a fire swept their two-family home early today.

Police said the dead were Arnold Johnson, 40, and his sons, Jerold, 16, Carmen, 14, and Allen, 7.

Johnson's wife, Ester, was in Oneida County Hospital for an operation. The couple's three-year-old daughter was a patient in the same hospital for a skin disease.

Johnson Monday attended his father's funeral.

Explosions Rock Oil Company In Argentina

CORDOBA, Argentina AP — Two violent explosions rocked the Shell Oil Co. gasoline depot outside Cordoba today killing three workers and injuring 20 others, police reported. Flames shot 600 feet in the air.

Police said they suspected the explosions were caused by a bomb planted by terrorists.

About 30 workers escaped injury as flames swept four storage tanks and 300 drums of aviation gasoline belonging to the Argentine subsidiary of the Shell Co. Several houses nearby burned in the fire.

Rhee Assured Of Re-election

SEOUL, South Korea AP — Tough old Syngman Rhee has been assured of re-election to his fourth term as president of South Korea by the death of his chief opponent.

Without a change in election laws, the opposition Democratic party cannot nominate a replacement for Chough Pyong-ok, 65, who died suddenly Monday in Washington, where he had been recuperating from abdominal surgery. The election is March 15.

One major newspaper, Donga Ilbo, said in an editorial that Rhee's Liberal party, which has a majority in the National Assembly, should give the Democrats a chance to name another candidate. But Supreme Court Justice Kim Too-il, chairman of the Central Election Committee, said it is impossible for the Democrats to put up a substitute.

Sitdowns Continue Throughout Va.

PORTSMOUTH, Va. AP — Additional "sitdowns" by Negroes appeared in the office here today at store lunch counters which traditionally serve only white people.

Two demonstrations occurred Monday at department stores in a Portsmouth shopping center, and after each sitdown the Negroes involved promised to return today.

A third sitdown took place in Newport News, bringing to seven the number of such Negro demonstrations since last Friday in this area.

The sitdowns at Portsmouth occurred at Rose's Department Store and Grant's Department Store. In both stores, the Negroes—apparently high school students—sat at lunchroom counters and tables and were ignored while white people continued to receive service.

Both lunch counters remained open.

The Newport News sitdown was at Sears Roebuck's new downtown store and when the Negroes entered a lunch room section designated for whites only, the lunch room was closed.

There was no disorder connected with any of the demonstrations.

Estimated Revenue For Television Station Will Run Into Millions

WASHINGTON AP — Charles Britt, Asheville, N. C., estimated today that the first year's revenue for a new television station proposed by Southern Broadcasters for High Point, N. C., would be about one million dollars.

Testifying at a hearing on four applications for authority to establish a Channel 8 TV station in the Piedmont area of the state, Britt also said that he holds stock in four radio stations: WIRY, Plattsburgh, N. Y.; WBAC, Cleveland, Tenn.; WDSR, Lake City, Fla.; and WJBS, Deland, Fla. He said he does not intend to give up those stock holdings.

He said he maintains headquarters in Asheville, where bookkeeping is done for his radio interests.

He said he will be station manager of Southern's station if that firm gets an FCC permit. He said he and his family sold their interest in radio station WLOS, Asheville about 1958. Until then, he

said, they controlled the Skyway Broadcasting Co., licensee for the radio station.

The reason they sold out, he said, was that a large number of stockholders desired to obtain the best possible price for their interest in a concern that had not paid dividends.

He said that as general manager of television station WLOS-TV, Asheville, he supervised the Station's day-to-day operations.

Russell Eagan, lawyer for Jefferson Standard Broadcasting Co., asked Britt whether he held an option for TV Channel 12 at New Bern, N. C. Britt replied the option has expired and said the project was never completed because of difficulties in getting air clearance for a tower.

Man Takes Ride On Fire Engine

NORWOOD, N. C. AP — Slightly scratched, but with all the Stanly County mud wiped off, Norwood's new fire engine stood ready for battle again today—but not for another joy ride, please.

Someone went into the unlocked volunteer fire station during the snowy, sleety, early morning hours Saturday. Finding the keys in the ignition, he "just took a notion to go for a ride," he said.

Out in the country, he took a side road, but somehow got off onto a private yard—just missing a clothesline—and avoided nearby Lake Tillery only by careening into a muddy field. The truck sank in to its axles.

Fire Chief P. H. Maner said today no charges had been made against Clyde Hoover Hurt, 31, who admitted to officers he took the truck.

Weather

NORTH CAROLINA: Considerable cloudiness and rather cold today and tonight with some scattered light rain or snow west portion this afternoon and occasional light rain east portion tonight. High, mid 30s mountains to near 50 coast. Lows tonight, upper 20s mountains to upper 30s coast. Wednesday, partly cloudy and warm.
