

Campus Poll

There have been several changes on campus since last semester. What change do you like the most, and why? What changes would you like to see in the future?

"The new addition to the library and the Clark Hall is a change I like most on campus. It gives the campus a fresh look. In the future, I would like to see a bulletin board of upcoming events."

"Although this is my first semester at M.C., I have enjoyed the library. I am looking forward to games on the great looking football field and on the soccer field."

Junior, Special Education*

"Methodist College is growing at a rapid pace. The college has a steady enrollment, and I can vividly see a healthy trend occurring with on-campus housing.

The new library annex is an awesome addition to the campus. I hope our students will take advantage of this significant resource.

I am really looking forward to the construction of the new apartment complex in October of this year. This facility will truly enhance on campus housing.

Our strategic plan articulates a desire to build a wellness center, I would like to see the college work quickly to build this facility, simply because this facility will greatly improve the quality of life on campus. Such a facility will be needed to improve recruitment and retention. Truly, the time has come."

Director of Residence Life*

"I really like the bleachers that Coach Sink, Burton, and all the others worked on over the summer. I would like to see some residence halls constructed to help ease the over-crowding, as well as ease William Walker's mind and heartaches."

Senior, Physical Education*

"I like the new library, on-line system and the new side of the library. It was too small! This campus needs a 24 hour study hall or big room to study in!"
