## SCA PLANNED

The organization of a Student Christian Association has been approved by the faculty of Wesleyan College. The SCA is a group in which each student of the college may participate and is affiliated with the Inter-faith Council, a committee under the Student Government Association.

As such, the SCA will begin at Wesleyan in fall, 1961, although plans are being completed now. Each denomination on campus with at least six members will form a group, with one representative to the Inter-Faith Council. For each additional twenty-five members, the group will be allowed another representative. In addition to forming the Inter-Faith Council, these representatives will constitute the Religious Life Planning Committee on the campus.
