

President's Cabinet Names 4 Committees

WESLEYAN BUILDINGS NAMED—Trustees of North Carolina Wesleyan College named the buildings pictured above on the new campus. These are (left to right) the Gravely Science Building, the Braswell Administration Building, and the Pearsall Classroom Building.

Enrollment Total Is Set At 232

North Carolina Wesleyan College has enrolled a total of 232 students for the academic year 1961-62, according to Ronald Sherron, director of admissions.

This record enrollment is accounted for by 198 freshmen and sophomores in the College and 34 students in the Evening School.

The 198 students represent 138 new students and 60 students returning from the first year of Wesleyan. These come from 12 states, mostly along the Atlantic coastline.

North Carolina leads with 155 students, followed by Virginia (24), Maryland (4), New York and Pennsylvania (3), Connecticut and New Jersey (2), and one each from Delaware, Florida, Massachusetts, Oklahoma, and Rhode Island.

Methodists Lead

Most of the students report a church affiliation. The Methodist Church leads with 103 students followed by 58 members of the Baptist Church. There are 15 Episcopalians, 10 Presbyterians, 4 members of the Christian Church, and 12 belonging to other churches.

One third of the entering students are undecided as to a vocational goal, but most expressed their preference. Teaching attracted 24, business careers 12, the ministry and religious education 12 to lead the choices expressed.

Other careers attracting a following were Law (8), Medicine (7), Social Work (6), Engineering (5), Scientific endeavors (4), Accounting and Journalism (3 each), and numerous others such as coaching, library science, political science, art and drama.

- October 29 Rocky Mount Methodist Laymen on campus afternoon and evening.
Sunday Evening Fellowship Service in chapel.
- October 31 Assembly, 10:00 a. m.

Student Lounge Closed

The student lounge has been closed temporarily for the following reasons:

1. Because drinks and candy were carried in the room and the cups and paper were left on the tables and floor.
2. Cigarettes were not properly disposed of.
3. Students have been putting their feet on the furniture, and causing scratches and other abuses to the furniture.
4. Because students have not been returning their chairs to the proper place after watching television.

After this room is re-opened, no drinks or candy will be allowed in this room. Students must return chairs to their places when they are finished with them, and of course students may not prop their feet on the furniture.

If this room is not taken care of better than it has been, the privilege of using this room can be taken away. However, we sincerely believe that the students are aware of this unnecessary situation and will be mature enough to accept the responsibility of taking care of this property.

Announcement

According to Athletic Director Dr. Moe Bauer, athletic equipment may be checked out from the equipment room Tuesday-Thursday from one until five p. m., and on Saturday from one to five p. m., Sunday from two to five.

I. D. cards must be left with the person on duty until equipment is returned.

Organization Will Formulate Policy

The President's Cabinet of North Carolina Wesleyan College met for the first time on Thursday, October 5. This is the first time Wesleyan has had a working organization of this kind.

The purpose of this organization is to serve as a policy-making body for the students. The Cabinet has adopted the policy of approving all appointments to commissions before they are final. The Cabinet also reserves the right to approve the dismissal of a commission member which it has approved.

The reason for this policy is to keep the work-load of each student down. This system will compensate for a point system.

The Cabinet has approved the appointment of four new committees to work to smooth out the working part of the S.G.A. The first of these committees is the Constitution Committee, composed of Vann Massey, John Alden and Dicky Moore. This committee will reprint the constitution, adding new amendments and restating parts which are not clear.

The Efficiency Improvements Committee with Bill Hoyle as chairman, the Freshman cabinet member, and Joan Lamberth will try to find new ways of carrying on the work of the S.G.A. which will facilitate and accelerate each person's duties.

The Public Relations Committee is composed of Joan Lamberth, chairman, and Carolyn Moore. This committee will be in charge of corresponding with friends and supporters of the school and writing any publicity stories concerning S.G.A. for newspapers.

The Budget Committee with Carolyn Moore as chairman and John Lamberth and John Alden will prepare a supply list for the business office with an estimate of the financial needs of the S.G.A.

The members of the President's cabinet are: President of the Student Government Association, R. Vann Massey; Vice-president, John Alden; Secretary, Joan Lamberth; and Treasurer, Carolyn Moore; Director of Student Life and S.G.A. Advisor, Dr. James R. Hailey; Sophomore representative to the Cabinet, Dicky Moore; chairman of the Publications Commission, Bill Hoyle; chairman of the Social Commission, Evelyn Harris; chairman of the Athletic Commission, Ervin Cullipher; a Freshman cabinet member (to be elected); President and vice-president of the Freshman Class (to be elected).
