Trustees Hold Annual Meet: Approve Frats, Tuition Raise

The approving of faculty membership, passage of a resolution adopting a social fraternity system for Wesleyan and the announcement of an increase in tuition beginning in 1968 highlighted the May 19 annual meeting of the Board of Trustees.

The board approved faculty membership for the academic year 1967-68 including fortysix persons named, and to in-clude approximately four or five additional instructors. Eleven new faculty members were included among the facrecommended for next year.

resolution of the Education Committee and at the request of administrative, faculty and student committees. the board also approved the organizations of campus, a pattern of local fraternities and sororities but with no national organizations during a five year trial period. (See related story

elsewhere in this paper.) The board also voted to raise tuition and resident costs for the academic year 1968-69 by \$125 per year. Under the measure approved, tuition will be raised from \$650 per year to \$750 annually, room rent from \$250 to \$275 annually with a total increase from \$1575 to \$1,700 for a resident student, including tuition, all fees, room and board.

The board noted that the raise necessary to meet increased costs of operation faculty and staff increases, and substantially increased labor

They noted that Wesleyan currently maintains one of the most favorable rates for students, as the student is required to contribute approximately 56% of the cost of educational and general college expenses. They pointed out that the national average for private college will be approximately \$1,840 and \$2,780 at a private college, making N. C. Wesleyan in the very moderate range in terms of student charges.

In his annual report to the College President board Thomas A. Collins noted that this year for the first time gifts to the college during the academic year would probably exceed \$1,000,000 by May 31.

Dr. Collins also reported on the achievment of full accreditation by the Southern Association and the American Association of Colleges in the minimum period of time and noted the successful establishment of an active Alumni Association.

He also reported that the college had adopted a development program to "Enhance Great Teaching" at N. C. Wes-

leyan College. In announcing gifts to the college, he noted several outstanding ones including the largest bequest in the history of the college (the Anna P. Bonney estate in excess of \$100,000), the largest federal grant (more than \$178,000 for the library), the largest single grant from a foundation (\$30,-000 from the Mary Reynolds
