

Women's soccer team playing at peak

By PATRICK BRANNAN

North Carolina Wesleyan's women's soccer team played their best game Oct. 10, said coach Patrick Baker, as the Bishops rolled to a 5-1 victory over Maryville.

The Bishops increased their record to 10-2-1 and are 3-0 in

the conference. They are also ranked second in the region and eighth in the national polls. Baker says that his team is peaking at the right time.

Wesleyan got off to a slow start but found the net after junior Tiny Riley centered the ball and junior Jenny Meagher moved around the goalie and put the ball

in the net. Meagher found the net again after a pass from junior Chris Webb.

Near the end of the first half, senior Kerri Makar took a pass from freshman Amy Coley and put it neatly inside the near post.

Wesleyan dominated the entire game as the Bishops recorded 10 shots on goal to Maryville's

one in each half. The Bishops' goalies had the day off as they had to make just one save the entire match. The Bishops pounded the Maryville goal, however, and their goalie made nine saves in the game.

Coach Baker following the match said it was "scary the way we played," calling it a great team effort and citing unselfish play by everyone.

The second half saw the Bishops find the net twice. They also had numerous other opportunities to add to their goal total. Webb found the back of the net off a pass from junior Julie Duerler.

Later junior Kym Kendall scored unassisted on a direct kick off the crossbar.

The Bishops have a week off before the next game on Oct. 19 at 3:30 p.m. at home. It will be Senior Day and an emotional day for Baker as he sees his first recruiting class graduate.

The Bishops then close out on the road with four games in seven days, including a major conference game on Oct. 27 at Methodist College. Baker sees the Methodist game as the conference championship.

Since getting off to a slow start, the Bishops have won nine straight games.

Men's soccer struggling

By PATRICK BRANNAN

North Carolina Wesleyan's men's soccer team suffered a disappointing 2-0 loss Oct. 10 against Maryville, especially disappointing because Coach Spencer Smith said it was to a team Wesleyan was capable of beating.

It was an even game on the field. Both teams recorded a total of 12 shots and each goalie made seven saves: The Bishops outshot Maryville 9-5 in the first half, but had nothing to show for their hard work, while Maryville capitalized

on their opportunities.

Maryville looks to their forward Chris Reed as their catalyst, and it was no different Sunday as Reed scored both goals for the visitors. Reed blasted a shot into the goal during the first half, then in the second half he scored on a chip that landed in the net.

Coach Smith is concerned that the team is not doing what it takes to win.

"We can control the game between the 18's but we are not stopping opponents from scoring and not scoring ourselves," Smith said. He said the team is being

hurt by not stepping up on defense, not getting back quicker, and not preventing opponents from getting a shot off.

The Bishops came out strong, but after the first goal by Reed seemed to lose their confidence. At the end of the game, Smith was pondering what could be done to help the team.

The Bishops have a record of 6-6 and are second in the conference with a 2-1 record. The Bishops played at conference opponent Christopher Newport Thursday and return home to play Lynchburg Saturday.

Weight room receives new Nautilus equipment

By MARIE LENANE

The North Carolina Wesleyan College weight room has taken on an entirely new look this semester since the Athletic Department was able to purchase 10 pieces of Nautilus equipment from the Westridge YMCA.

The purchase was made possible through an equal contribution of \$2,500 from both the Student Government Association and the Wesleyan Bishops Club.

The deal to purchase the equipment, which began in February, was finalized this August. The equipment was transported with the help of student athletes under the watchful eyes of Coach Don Scalf and Athletic Director Michael Fox.

"It was a long and tedious process, but the weight room looks much better now," said student athlete Kinsey Pritchitt.

"When I first arrived here in 1983, we didn't have a weight room," said Fox. "It has been somewhat of a personal goal for me to improve our equipment. Although there is more work to be done, I am really excited about

the new equipment."

Fox first heard of the available equipment through the grapevine and worked out the deal through a number of phone calls with the assistance of Westridge YMCA representative Tammy Long.

"We were happy to see the equipment go to North Carolina Wesleyan," said Long.

The weight room, located in the rear of Everett Gymnasium, is available to all Wesleyan College students.

"It was important to us to ensure the availability of the new weight equipment for everybody before approving it," said Student Government Association President Tommy Allen. "Volleyball coach Charlie Long thinks that the new equipment benefits not only the athletes but also benefits the rest of the student body."

The weight room is open from Monday to Thursday from 9 a.m. to 9 p.m., Friday from 9 a.m. to 6 p.m., and on Sunday from 6-9 p.m. It is supervised from 3 p.m. on by student workers who will be trained to provide assistance in operating the machines.
