

## H. G. BELL HEADS UNITED FUND DRIVE

We think the United Fund has made an excellent choice in their Textile Division head -- our own Harry Bell. It certainly gives us an added incentive to give the High Point United Fund our full and generous support!

Says Mr. Bell, "Everybody needs to belong, and the United Fund is such a wonderful way to fulfill that desire. The United Fund needs YOU, and that holds true whether you are financially able to give \$10 or \$1,000."

In that same spirit, those who gave last year to join the Citizenship Club this year give to become **ESSENTIAL CITIZENS**. As you know from newspaper publicity which has gone before, the United Fund has raised its goal for 1954. If we meet our higher goal this year, it will depend on US -- the industrial worker, the housewife, the average High Point citizen who is **ESSENTIAL** to the success of the High Point United Fund.

We know that asking you to give this year is like asking history to repeat itself -- And history **DOES** repeat itself! Your history of giving has made an enviable record, one of which you may be duly proud. For this reason, I'm sure your pride and mine will lead us again to do our share -- and more -- toward making ours a better city by giving where needed.

Everybody seems to be moving to a new home these days. Among those are Ted and Lola Grayson (she works in IBM) who have built on Spruce Street in High Point, and Al Raulston (also of IBM) and his wife who are now living on S. Parkside Drive. A lot of happy livin' to you all!

We're glad to have two #2 loopers back with us after being out sick for a few weeks. A hearty welcome to Doris Kiger and Eva Boozer.

For in Him we live, and move, and have our being; as certain also of your poets have said, For we are also His offspring. -- (The Acts 17, 28.)

A deep and abiding consciousness of God should be with and within us each waking moment, and not just reserved for a certain day or a certain period of prayer. If we sought to know and to obey God's will in everything we do, say and think, how joyous and useful our lives could be!

Adams-Millis Corporation  
High Point, North Carolina

I would like to take this opportunity to express my appreciation to the Adams-Millis Company for the privilege of working 31 years with you and to say that I have enjoyed my work and the people I work with. I think the loopers in plant one are such fine people. They have been so nice to me and I will miss being with them.

A word, too, about the Profit-Sharing Plan. I appreciate so much the benefits I expect to derive from this Plan, and am grateful to have worked for a company who has so much concern for its employees.

Again let me say that I will certainly miss my friends and acquaintances and wish them happiness and success in the future.

Sincerely,

Levenia Hinshaw
