

There's good news from ONE part of Germany, we know. It comes as a birth announcement from Ruth Mullins, formerly of our IBM department. She has been in Germany with her husband, stationed there by the Army, for the last couple of years. We are delighted to hear of the arrival of their daughter, Brenda Kay, on July 18, 1954!

Congratulations to Mr. and Mrs. John Rankin on their new arrival, Timothy Edward. John is a knitter-learner at Plant #7.

Kathelene Denise Friday was born to Mr. and Mrs. Rosco Friday on June 11. Katie is a Plant #3 clipper.

Miss Peggy Tilley and her family enjoyed a trip to the mountains during vacation week. They visited the Cherokee Indian Reservation as well as other points of interest.

Congratulations to J. M. White who was married to Miss Velma Holcomb of Yadkinville on June 6, 1954. Morrell is employed as a full fashioned knitter at Plant #7.

Twenty-nine cents out of each dollar you pay for an automobile goes for taxes.

High Point did it again! Over the top! Again, the red blooded citizens of the greater High Point area rolled up their sleeves and not only met their quota of 500 pints of blood, but donated an extra 100 pints for an even 600 pints at the July visit. The new fiscal year for the Red Cross Bloodmobile began in High Point with the July visit. Employees of all High Point plants went out in groups giving a total of 45 pints. Our city gained nation-wide attention last year by exceeding the yearly quota. This year will see our civic minded citizens again going over the top.

We at Adams-Millis are proud of this fine record. Since the inception of the Bloodmobile program, our employees have given between eight and ten per cent of the total blood donated in the High Point area.

Our deepest sympathy to Mrs. Edith Love, looper at Plant #2, on the loss of her mother; also to Mildred Thompson whose mother passed away on July 4.
