

## MISS MCKINNON WRITES LETTER OF APPRECIATION

High Point, N. C.  
July 30, 1954

### ADAMS-MILLIS CORPORATION:

In June 1933 I came to work for the Adams-Millis Corp. as an inspector and continued in that capacity until inspecting was discontinued. Then I was put on mending. From the beginning of my employment with this company, I have been happy in my work and greatly appreciate the many favors which the organization has extended me as an employee. During these years I have been blessed with health and with the income which I received from this company I have been able to buy a little home. Now my working career here has come to a close, which I deeply regret.

On July 2, 1954, Old Father Time said work no more, so with the Profit Sharing which I will receive I can sit on the sideline and be at ease for a while. I really do appreciate this extra money the company has made possible for the employees.

I shall always boast Adams-Millis as being the best. During these years I have contacted and worked with some very fine people. All these I shall greatly miss and never forget.

May I say many thanks for everything.

Yours respectfully,

Bessie McKinnon

Being eligible for retirement on the basis of age, Miss Bessie McKinnon retired July 2 after having mended and inspected for over 21 years.

Miss McKinnon had also worked at Durham Hosiery Mill before coming to Adams-Millis. Her first work with A-M was sewing hems, or welts, on ladies stockings which were knitted on the old

ribber machines.

Miss McKinnon lives at 1221 Montlieu Avenue and is a member of Lindsay Memorial Church.

## TWO MENDERS RETIRE MRS. CARRIE MASON

Mrs. Carrie Mason, mender of plant one, has been retired. Mrs. Mason on May 1 completed 31 years of service, having been employed in 1923. She was eligible for retirement on basis of age. Her retirement benefits provided by the Profit Sharing Plan exceed \$2200.00.

With her retirement, Mrs. Mason leaves three daughters and a son working with Adams-Millis. Her son, Robert (Buck) Mason is a foreman on the third shift in the knitting department of plant seven. A daughter, Mrs. Edith Dixon, is an order clerk in plant one. Another daughter, Mrs. Billie Bowden, works in the order department of the main office. Her other daughter, Helen Mason, is secretary of plant one.

Mrs. Mason lives with daughters Helen and Billie at 108 Briggs Avenue.

## MRS. NETTIE LOFLIN

Mrs. Nettie Loflin, mender, plant one, retired July 2. She had been mending since 1934. When asked about her plans, Mrs. Loflin said she first wanted to catch up on a few things she had been putting off around the house.

Having been a participant in the Profit Sharing Plan since the plan was started, Mrs. Loflin has elected to take her benefits in a lump sum. She will receive approximately \$1,500.

Mrs. Loflin has a son, Bascom, employed in plant one. He is supervisor of the stock room and order department in plant one.

---

To Mrs. Mamie Heath, Plant #4, we offer our deepest sympathy in the loss of her brother, E.L. Parrish of Winston-Salem.
