

HONOR STUDENTS

SANDY SAYS:

We all enjoy our work more and do a better job if things are going smoothly.

This is true any time. But today a spirit of cooperation in our work is more important than ever because of the keen competition with which our sales force is faced.

It takes a "team" such as the one we have in our organization--and of which we are a part--to make sure that competition can't better our quality, selling price or delivery.

That means cooperating with our fellow workers who are doing their part--cooperating with the supervisor or foreman who is responsible for our department--cooperating with other departments if the nature of our particular job requires it.

Getting along with those we contact in our work makes it possible for us to do our best work.

This "best work" makes it easier for our sales force to sell our product.

And they are selling so we can go on producing!

Heap on more wood!--
the wind is chill;
But let it whistle as it will,
We'll keep our Christmas merry
still.
—Walter Scott.

Carolyn Ann Guyer, daughter of Madie Guyer, looper at Plant #1, and Jerry Bullins, son of Lois Bullins, also a looper at Plant #1, were honored on November 3, 1955, by being elected to membership in the High Point Chapter of the National Honor Society. Membership in the Society is based on outstanding service, scholarship, leadership and character. Jerry is also a member of the Senior High School varsity football team.

I have a wife and three small children, and they are totally dependent upon me. My worldly goods consist mostly of my health and ability to work; therefore, I must be able to report on the job every day. Any loss of time on my part means their security is in danger. How can I afford to take a chance when their happiness is at stake?

J. H. Hemrick, Jr.
Norfolk and Western

God rest ye, little children; let
nothing you affright,
For Jesus Christ, your Saviour,
was born this happy night;
Along the hills of Galilee the
white flocks sleeping lay,
When Christ, the Child of Nazareth,
was born on Christmas day.
—Diana Mulock Craik.
