THREE PLANTS EARN SAFETY AWARDS PLANT SEVEN EXCEEDS TWO MILLION MAN HOURS

Frank Crane, Commissioner of Labor for North Carolina, shows Nancy Smith where to put the red ribbon on the Safety Certificate for Plant #7. Watching the procedure are: John R. Bulla, left, inspector for the North Carolina Department of Labor; and Walter Voncannon, right, superintendent of Plant #7. The red ribbon indicates three consecutive calendar years without a lost-time accident.

Three plants of Adams-Millis Corporation qualified for Certificates of Safety Achievement for the year 1960. The certificates were awarded recently at a meeting sponsored by the High Point Chamber of Commerce and Piedmont Associated Industries.

Honorable Frank Crane, Commissioner of Labor for North Carolina, presented the awards. Thirty-seven awards were made to High Point firms. One of the top awards was the three-year award going to Plant #7 of
