

Even though last year's baseball season has passed and it's now time for the new season's spring training, recognition is due the Adams-Millis Corporation-sponsored Kernersville Y.M.C.A. Little League Team. Managed by Jerrell Stafford, engineer with Western Electric, the team was last season's winner in their division. Team members were: First row, left to right, Bradley Swaim, Jeff Pridgen, Jeff Martin, Tim Swaim, Billy Crabb and Allan Thompson; second row, Mark Apple, Keith Owens, Gary Hilburn, Donnie Mason, Steve Chamelin, and Greg Martin; and back row, Jerrell Stafford, Manager. Jeff Cranfil, Anthony Templeton, Kerry Byrd, and Coach Ken Byrd were absent when the picture was made.

Approximately one-third of all A-M Texturing and Dyeing employees participated when the American Red Cross Bloodmobile made a one-day visit to the High Point plant in January. Sixty-nine of the eighty-one units of blood donated came from texturing employees. Some forty-one other volunteers were temporarily deferred for various reasons.

In a letter addressed to employees of the plant, Blood Program Director Martha Crotts

said, "These eighty-one pints were given at a very crucial point of need, when blood usage was high and the holiday season made it impossible for us to seek donors on a community-wide basis. Your acceptance of an in-plant visit was truly a lifesaver, and we are grateful."

Other area companies participating in this visit included George T. Wood & Sons, Casard Furniture Manufacturing Corporation and Piedmont Electric Repair Company.

Eugene Stines gets a blood pressure check preparatory to donating blood.

Scarborough Smith, left, and Randy Kennedy, right, give their life-saving blood so that others may live.
