Employees Receive Awards At Ceremonies

At awards ceremonies just prior to the Christmas holidays, 274 Adams-Millis employees were honored for marking special anniversaries with the Corporation. Ruby Reep, of the Finishing Department at Plant 6 in Hickory, received the award for the longest service—45 years. She also retired at the end of the year.

James H. Millis, Chairman of the Board and Chief Executive Officer of Adams-Millis, and William B. Mewborne, Jr., President and Chief Operating Officer of the Corporation, attended the ceremonies and made the presentations.

Employees of TexElastic Corporation, an operating division of Adams-Millis, were presented their awards in Raeford. Employees of the Archdale plant receiving awards traveled to Raeford for their presentation. Employees receiving 25-year, 30-year, 35-year and 40-year awards are shown in the photographs on these pages. Gold watches were given to those marking the special 25th anniversary; others marking years of service at five-year periods were given necklaces or tie tacks.

Receiving awards, in addition to those shown in the photographs, were:
