Pack Your Camera!

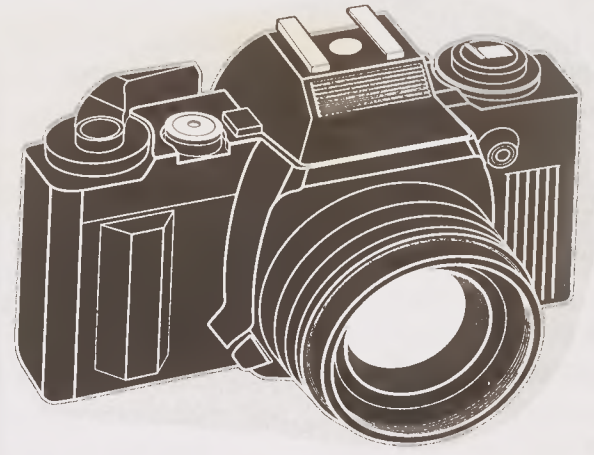

Your vacation photos could earn you some cash this year!

The Amco News will conduct its seventh annual Vacation Photo Contest. Top prize will be \$150 cash. Second place will earn \$100 cash and third will get \$50 cash.

Photos may be of scenery, people or activities you enjoyed during your vacation.

After selecting your best shot of your vacation, submit the photo to Linda Leach, P.O. Box 2650, High Point, N.C. 27261 or through company mail. Deadline for entries will be September 15.

An entry form is located at left and should be attached to the back of the photo entry to assure its proper identification and return after the contest.

Winning photos will be published in the October issue of Amco News. As many of the other entries as possible also will be published.

So grab your camera and a good supply of film before you head off on your vacation. Then use your camera to capture those special

moments and beautiful scenes that occur. Enter your best shot in the contest. It could earn you some cash!

Virginia Wise (Drexel Knitting) captured first place in the 1992 contest. Frances Corne (Corporate Office) took second and Eva McKenzie (Kernersville Finishing) placed third.

New Employees And Promotions

Don Fought has been promoted to Vice President of Marketing for Adams-Millis. He joined the company in 1989 as Director of Marketing and worked to build the Hanes brand.

His new role includes responsibility for Hanes, Champion and many licensed programs and the recently formed forecasting group.

Fought joined Sara Lee Knit Products in 1984 and Product Manager where he was primarily involved in the men's underwear business.

Prior to joining Sara Lee he worked at RJR Tobacco and Mobil Oil.

He earned a bachelor of science degree in business at Kansas State University and an MBA from the University of Missouri.

David Teal, formerly Accounts Payable Manager and most recently Financial Analyst in the Planning Department, has been promoted to

Senior Financial Analyst at Sara Lee Hosiery in Winston-Salem.

He had worked with Adams-Millis since 1988.

Dave Ensley has been promoted to Financial Analyst. He joined the company in 1976 and has held several General Accounting positions.

He holds a degree in business administration from High Point University and a certificate of study in accounting from Guilford College.

He will report to Financial Planning Manager Tom Rakerstraw.

Several new members have joined the Adams-Millis team in Barnwell, S.C.

Marben Bland has been named Manager of Human Resources and Wallace Thompson as Training Manager.

Tim Beasley has been promoted to Safety/Maintenance Manager and Judy Tolbert has been promoted to Knitting Manager.

Bland has been Employment Manager at Sara Lee Hosiery for the past two years. Prior to that he was Human Resources and Business Manager for NOMAD Corporation in Atlanta, Ga.

The 1982 graduate of Mercer University also holds a masters of public administration from Georgia College.

Thompson is a 1974 graduate of Benedict College with a degree in business administration.

Before joining Adams-Millis he worked in a variety of management positions with General Tire, Inc. in Charlotte, Collins and Aikman in Farmville and Springs Industries in Fort Mill, S.C.

Beasley, who has been with Adams-Millis since 1979, previously was Safety Manager at Mount Airy Knitting and Finishing.

Tolbert, a 19-year veteran of Adams-Millis, was Knitting Supervisor in Mount Airy prior

to her promotion to the Barnwell position.

Richard Nickel has joined Adams-Millis as Facilities Engineer.

His responsibilities will involve all aspects of engineering related to facilities from preventive maintenance to new construction. He will report to William Johnson, Director, Manufacturing Services.

The 1986 graduate of the University of South Carolina earned a degree in electrical engineering. He also was a member of the Engineering Honor Society and was on

the Dean's List.

He worked for the Naval Sea Systems from 1986 to 1990 as a project engineer in the Trident Nuclear Submarine Program then returned to school to earn his MBA from Wake Forest University in 1992.

Martin Bundy has been named Production Control Manager for Silver Knit. Previously he worked with inventory control in the Central Production Planning.

Linda Peterson has moved from Central Production Planning to become Production Control Coordinator reporting to Bundy.

Rail Strike Fails To Deter Mission

Barnwell Plant Manager Dan Bulman and Mount Airy Plant Manager Dennis Hodges won't forget the 1992

rail strike in France. Although they were caught in Paris in the midst of it at the beginning of an eight-day fact-finding trip to Sara Lee plants in France, Germany and Ireland a few months ago, it was merely an inconvenience.

"We picked up a lot of good ideas that we're incorporating into our operations," Bulman explained. "The Barnwell plant is staffed, based on what we learned over there."

Bulman and Hodges visited three sheer hosiery plants -- Dim in France, Pretty Polly in Ireland and Vatter und Palme in Germany.

They looked at how knitting departments were staffed as well as how equipment was set up and how raw materials were handled.

"They did an excellent job in each of the plants we visited," Bulman said. "We were able to learn a lot that Adams-Millis can use very well."

Volunteers Needed

Safety Fair Is Planned

(Continued from Page 1)
Red Cross, M.A.D.D., S.A.D.D., poison control center and several others.

"We want this to be a family event and we plan to have events that will benefit youngsters as well as adults," Callahan explained. "We want to instill safety in the minds of people at a young age so they will live their lives in a safer manner."

One event of interest to youngsters will be a bicycle safety exhibit and may include a bike rodeo.

Also for youngsters will be several areas for entertainment

including face painting, clowns and a variety of games.

A dunking booth also is planned.

"We already have a few volunteers to be the dunkees," she said. "Chuck Allen, Tommy Bennett, Doug Streetman, Danny McNair, Van Joyce and Robert Gates have volunteered but we have a few others in mind who might volunteer as well."

"As to the exhibits, we plan to cover as many areas of safety as we can at this event," Callahan said. "Fire safety, gun safety, water safety, hazards around the home including

lawn and garden safety, as well as lifestyle areas such as drug abuse and matters like that."

The event is to begin at 10 a.m. and conclude at 2 p.m. Free food and drinks (while they last) will be available and drawings for a variety of prizes will be conducted.

Callahan said all Adams-Millis employees are invited and encouraged to attend the event.

"We also need more volunteers to assist with the event," she added. "A lot of people already have said they want to help but we can use a lot more."

Volunteers are needed to work with some of the exhibits, to serve food, to assist with set up and with clean up among other tasks.

"Everyone has been very enthusiastic in putting the plans together," Callahan said. "We hope this is the beginning of an annual event in which Adams-Millis will continue to promote safety throughout the community."

Anyone who wants to assist with the event should contact his/her plant safety coordinator or Pat Callahan at Kernersville Finishing & Distribution.
