LE CERCLE FRANCAIS

Le Cercle Francais met Jan. 24 and had one of its most interesting and inspiring programs which was rendered by the members of the Freshman class students who are either students of French 101 or 103.

This varied program included several piano and vocal selections and readings from the following subjects: "French Morality," "The Study of French," "Social Types," "Introduction to Poetry," "Morals, Religion and Education," "One Lecon on Football."

And unusual treat was given those present when Mlle. Helen Baker, our own Song-bird, sang the Rosary in French, and as her encore rendered the same song in English.

The Freshmen are to be congratulated for their successful program, and we hope they will give us another soon.
